### How to contact us

- Visit [robert-scott.co.uk](http://robert-scott.co.uk)
- Email [info@robert-scott.co.uk](mailto:info@robert-scott.co.uk)
- Call 01457 819400

### Order and delivery info

Free delivery on UK mainland orders over £200. Minimum order of £100 incur a £15 delivery charge. For overseas orders please contact us for details.

We are committed to British manufacturing.

### Colour coding is key to hygiene

Based on industry best practice, many of our products are colour coded for use in designated areas. When ordering simply provide the product code and select your colour preference.

- Blue: general lower risk areas (excluding food areas).
- Green: general food and bar use.
- Red: sanitary appliances and washrooms.
- Yellow: washbasins and other washroom surfaces.

**Sizes**  
3D sizes are shown in order of width x depth x height.

# Book a cleaning audit from the Clean team

**We are proud of our products, but we recognise it is our people who truly make a difference.**

Looking for a site survey to advise cleaning teams on the best products and practices to keep sites spotless and germfree? With decades of combined expertise, our Clean team understands that every customer and end user has a unique set of cleaning challenges.

## What we can do for you

Each member of our team is on hand and ready to share their cleaning know-how by spending a day with your customer – by your invite – and advising them on the best techniques and products to improve their cleaning regimes.

Then, whatever the setting – from shopping centre to school to care home – provide tailored on-site training, as well as product recommendations to make sure they get the right cleaning products to get the job done, all purchased through our distributors.

### Alastair Scott

As sales director, and part of the founding family of the business, Alastair takes a keen interest in all aspects of the cleaning industry and is passionate about innovation. Product development and solutions to address the sustainability issues within the industry are his bread and butter!

### Chris Rowe

Chris is our retail, catering and food wholesale product specialist, helping customers create the optimum cleaning systems for their requirements and sector protocols.

### Gill Ireson

Having been part of the team at Robert Scott for 26 years, Gill oversees key buying groups and the team, and is committed to delivering outstanding service. Gill excels in customer training and her product knowledge is second to none.

### Ricky Clark

Rick brings with him extensive knowledge of the cleaning industry. He has worked as a sales and account manager for over 20 years, successfully building long term relationships with distributors.

### Kelly Brierley

Kelly is one of our key account managers, specialising in healthcare and educational facilities. She can offer a wealth of knowledge on our range of microfibre systems and help guide your team on the benefits of microfibre and how to use it.

### Pete Jones

Pete works across all customer sectors for Robert Scott. He's the 'go to' man for anything cleaning and has an exceptional knowledge of the Irish market.

### Steve Courtney

Steve is our business development manager and product-lead for Toucan Eco, our new environmentally-friendly and sustainable cleaning and sanitising system.

### Tom Capper

Tom holds an extensive knowledge on the mop systems we offer customers, having starting his career 13 years ago in Robert Scott's mop room, and provides recommendations and product training to teams of all sizes and levels of experience.

### Tracy Kirkpatrick

Tracy looks after Scotland, Cumbria and Northern Ireland areas in sectors including care homes, schools, industrial, construction, catering & hospitality.

To book a visit from the Clean team, call **01457 819400**, email [info@robert-scott.co.uk](mailto:info@robert-scott.co.uk) or visit [robert.scott.co.uk](http://robert.scott.co.uk).

## Cleaning advice for end-users

**The Clean team have travelled the breadth of the United Kingdom providing free audits on behalf of distributors. Here are a few examples of workplaces that are benefiting from better ways to keep spaces clean and spotless.**

### Top of the mops for Saltgreen Residential Care Home

Saltgreen in the Scottish Borders invited the team to carry out a review of its current floorcare system to find out where efficiencies could be made in reducing waste water, chemical use and to increase productivity.

Following a site visit the team was able to advise the care home on the Rokleen microfibre cleaning system designed to save time, money and improve staff morale as a result. It's a trolley-based system designed for quick and effective cleaning of spillages and dirt in heavily trafficked areas, while reducing cross contamination and maximising cleaning standards.

Susan Chisholm, manager at Saltgreen Residential Care Home, comments: "I've seen a 25% reduction in staff time spent doing the same tasks with microfibre, compared to using the old system. Not only has this improved staff morale greatly, but the home is visibly cleaner, and we are using fewer chemicals, which reduces costs further."

### Getting a handle on things: helping YHA transform its cleaning regime

YHA (England and Wales) enlisted the help of Robert Scott when it was looking to update the specifications of

its floorcare mop and handle system to better suit the needs of the staff.

Lisa Venter, operations standards & quality manager at YHA, explained "With different handles for mops and brooms across sites, it was causing confusion for the teams when equipment was not piecing together correctly. A system that was going to help us reduce volume of wastewater, chemical cleaning agents and time spent cleaning for the team, were also important. We also wanted to find a UK-based manufacturer to reduce our carbon footprint wherever possible."

As a result of a Housekeeping Forum, we suggested the white Hygiene handle as the most appropriate product, with a 'handle amnesty' used for staff to surrender, recycle and replace the old equipment. The new handles can be used with most products from mops and brushes, to squeegees and sweepers. These head attachments come complete with sockets that comply with BICSc's universal colour code system to prevent cross contamination, and following Robert Scott's recommendations, YHA has now implemented the new cleaning system across all of its sites in England and Wales with extremely positive results.

Lisa continued: "The support of their team to help us move over to the new spec of equipment has been hugely appreciated."

### A cleaning trolley designed for MRI rooms

One healthcare facility we've worked with recently came to us with a real challenge in that they needed a trolley that could be used specifically to clean rooms with MRI scanning units

– therefore it had to be completely metal-free.

Working with the customer, we identified the most suitable metal-free and non-conductive trolley system – the Alpha Trolley – and began working through the list of product requirements that we could tailor to their needs. This included metal-free plastic holders for microfibre mops and cloths, pre-soaked jugs, composite handles and other cleaning tools.

Now we have created this unique system it could be used by any healthcare facility that faces the same challenges and requires a cleaning trolley that does not conduct with any of the equipment on site. Due to the potential for this product across other facilities, it is now something we are looking at stocking as a range in its own right.

# Catering

## CATERING – SPONGES & SCOURERS

### Griddle Cleaning Kit

The kit is made up of three parts: a plastic or metal holder to avoid direct contact with hot surfaces; the thick griddle pad, which absorbs dirt and grease; and the abrasive screen to easily remove burnt-on food and grease from flat griddles and hot plates.

<b>102438</b>	Screen	14x10cm	20x10pk
<b>102436</b>	Pad	14x10cm	20x10pk
<b>101096</b>	Pad Holder (Heat Resistant)	14x9cm	10
<b>101098</b>	Pad Holder (Stainless Steel)	14x10cm	10

### Griddle Brick

An abrasive brick for cleaning hot griddles. Can be used on hot griddles. An aluminium holder is also available and sold separately.

<b>103975</b>	Griddle Brick	20x10x9cm	12
<b>104486</b>	Griddle Brick Holder	19x9x7cm	6

### Brillo® Steel Wool Soap Pad

Large soap filled pad made from fine steel wool, great for cleaning tough burnt on food and heavy-duty grease removal. Not recommended for use on plastics or delicate surfaces.

<b>102671</b>	10x7cm	12x10pk
---------------	--------	---------

### Galvanised Scourer

Circular scourers made from fine metal mesh, ideal for cleaning burnt on stains from grills, barbeques and metal pans.

<b>102587</b>	Large	60g	20x10pk
<b>102589</b>	Medium	40g	20x10pk
<b>102546</b>	Standard	24g	30x8pk

### Stainless Steel Scourer

A spiral scourer made from stainless steel. Great for all-round use in catering environments.

<b>102677</b>	40g	10x10pk
---------------	-----	---------

### Coppercote Scourer

A circular scourer made from fine metal mesh, coated with copper and ideal for use on more delicate surfaces as it is less likely to scratch.

<b>102545</b>	20g	20x20pk
---------------	-----	---------

### Magic Erase-all Sponge

A multi-surface cleaning sponge which quickly removes stubborn marks from most surfaces without the need for chemicals, just wet and wipe.

<b>102428</b>	6x10x3cm	18x10pk
---------------	----------	---------

### Sponge Cloth

A good sized, thick sponge cloth with great absorbency for general cleaning and wiping. Easy to rinse and wring out.

<b>100236</b>	20x18cm	6x10pk
---------------	---------	--------

## CATERING – SPONGES, SCOURERS & ACCESSORIES

### Caterers Scourer

Standard and heavy-duty quality scouring pads designed to easily remove tougher dirt, suitable for use in catering and general cleaning.

<b>102446</b>	Standard	●●●	23x15cm	50x10pk
<b>102450</b>	Heavy-duty	●●●	23x15cm	30x10pk

### Ecofibre Scourer

The Ecofibre scourer is a recycled, non-scratch scouring pad for tough, eco-friendly cleaning that's made using 40% plant fibre and nut shells, and 15% recycled polyester.

<b>104812</b>	22x15cm	20x10pk
---------------	---------	---------

### Hi-PUR Sponge Scourer

Hi-PUR is a sponge scourer with a polyurethane (PUR) coating that scrubs away stubborn dirt and stains while being gentle on hard surfaces. It is backed with an absorbent sponge.

<b>104448</b>	6x14x4cm	10x10pk
---------------	----------	---------

### Caterers Sponge Scourer

Sponge scouring pad ideal for easy removal of stubborn dirt, and for general cleaning and wiping.

<b>102426</b>	Basics	8x12x4cm	20x10pk
<b>102418</b>	Caterers	9x14x4cm	50x10pk

### Finger Gripped Sponge Scourer

A large sponge scouring pad shaped for easy gripping.

<b>102424</b>	Green	7x13x4cm	50x10pk
<b>102425</b>	Non-Scratch White	7x13x4cm	50x10pk
<b>102422</b>	Non-Scratch Colour Coded	7x14x4cm	6x10pk

### Washable Nail Brush

Double-sided plastic bristle nail brush, available in four colours.

<b>102928</b>	4x9x4cm	10x12pk
---------------	---------	---------

### Washing Up Brush

A handheld brush with curved handle and plastic bristles, suitable for use in professional or domestic environments. Colour coded.

<b>102998</b>	25cm	24
---------------	------	----

### Deluxe Washing Up Brush

Good quality brush with shaped bristle head, suitable for general washing up in a professional or domestic environment. Supplied in assorted colours.

<b>102994</b>	27cm	48
---------------	------	----

## CATERING – ACCESSORIES & CLOTHS

### Barista Cloth

The Barista cloth is a heat resistant, food safe, antibacterial cloth. Designed with the Barista industry in mind, it can be used on steam wands and other heated coffee machine components, while offering protection to the user. Externally certified against BS EN ISO 12127-1 2015 and approved to be heat resistant up to 250°C.

<b>104182</b>	42x33cm	20x10
---------------	---------	-------

### Striped & Plain Apron

One-size cotton apron with halter neck and ties at waist, with handy front pockets, suitable for use in food preparation and service areas.

<b>100074</b>	Plain White	70x96cm	10
<b>100001</b>	Striped	70x96cm	10

### Ironing Board Table & Covers

A sturdy ironing board that extends up to 94cm with a foam backed drawstring cover. Cotton and double-layered ironing board cover.

<b>101524</b>	Ironing Board	38x120cm	1
<b>100819</b>	Cotton Cover	43x102cm	2x10
<b>100820</b>	Cotton Cover	43x137cm	2x10
<b>100822</b>	Metallised Cover	43x102cm	2x10
<b>100823</b>	Metallised Cover	43x137cm	2x10

### Washing Up Bowl

A general purpose, blue rectangular washing up bowl.

<b>104321</b>	38x27x14cm	24
---------------	------------	----

### Heavy Duty Catering Trolley

Easy-clean cart with handles at either end to allow easy steering. Refuse bins sold separately.

<b>101702</b>	Catering Trolley	42x80x92cm	1
<b>101741</b>	Refuse Bin	9l	2
<b>101742</b>	Refuse Bin	33l	2
<b>103999</b>	Replacement Castor	4"	1

### Catering Trolley

A wheeled trolley with three shelves made from tough, easy-clean plastic, ideal for storing and transporting ingredients and prepared food. Handles at both ends make the cart easy to move around even in smaller areas.

<b>101259</b>	42x98x88cm	1
---------------	------------	---

### 79 Litre Ingredient Bin

These bins have a secure hinged lid and are perfect for storing and transporting foodstuffs. Certified food contact safe.

<b>101743</b>	79l	32x73x61cm	1
---------------	-----	------------	---

### Jug Mop

Handheld mop suitable for easy cleaning inside tricky shaped crockery items. Available in three sizes.

<b>100845</b>	32g	100
<b>100846</b>	39g	100
<b>100847</b>	46g	100

### Disposable Vinyl Gloves

Disposable vinyl gloves supplied in a dispenser box. Powdered for easy use and suitable for food preparation and everyday use.

<b>101479</b>	10x100pk
---------------	----------

## CATERING – OVEN GLOVES & CLOTHS

### Plain Oven Glove

A professional quality oven glove which conforms to thermal insulation requirements of EN 407:2017 ensuring excellent insulation and safety for users. Glove has two single-sided pockets. CE marked.

<b>104175</b>	68x17cm	100
<b>104169</b>	76x17cm	20
<b>104170</b>	91x17cm	20
<b>104171</b>	106x17cm	20

### Jolly Molly Double Oven Glove

A thicker, professional quality oven glove with unique double-sided pockets. Conforms to thermal insulation requirements of EN 407:2017. CE marked.

<b>104172</b>	68x17cm	20
<b>104173</b>	76x17cm	20
<b>104174</b>	91x17cm	20

### Bleached Bound Oven Mitt

Ideal for safely handling hot oven trays and pans.

<b>104330</b>	20x45cm	100
---------------	---------	-----

### Jolly Molly Oven Mitt

A double sided professional oven mitt which gives excellent protection and conforms to the thermal insulation requirements of EN 407:2017. CE marked.

<b>104183</b>	38x20cm	20
---------------	---------	----

### Heavy Herringbone Oven Cloth

A heavy-duty, herringbone cloth suitable for removing oven trays and handling other hot items.

<b>100779</b>	70x56cm	20
<b>100785</b>	91x56cm	20

### Plain & Bleached Oven Cloth

Professional quality oven cloths for use in catering environments.

<b>101911</b>	Plain	76x48cm	20
<b>101918</b>	Plain	91x48cm	20
<b>100158</b>	Bleached	86x48cm	20

## CATERING – DISHCLOTHS

### Hygiene Colour Coded Cleaning Cloth

A good all-round, circular knitted dishcloth for general cleaning, available in a range of sizes and weights. Made in the UK from 100% recycled material. A purple hygiene cloth is available for allergen free areas.

<b>100741</b>	Lightweight	40x30cm	20x10pk
<b>100750</b>	Medium Weight	35x30cm	20x10pk
<b>100751</b>	Medium Weight	40x30cm	20x10pk
<b>100761</b>	Heavyweight	45x38cm	20x10pk

### Chunky Dishcloth

A quality cloth for general use, made with a unique knitted process to be twice as thick as standard cloths and extremely hardwearing. Available in four colours and in white. Made in the UK from 100% recycled material.

<b>100831</b>	White	35x20cm	20x10pk
<b>100851</b>	Colour Coded	40x20cm	20x10pk

### Bleached Dishcloth

A circular knitted traditional everyday dishcloth which is strong and absorbent for general cleaning. Made in UK from 100% recycled material, available with colour coded edging.

<b>100200</b>	Lightweight	30x28cm	50x10pk
<b>104132</b>	Lightweight	35x28cm	50x10pk
<b>100211</b>	Lightweight	40x28cm	50x10pk
<b>100332</b>	Lightweight	35x30cm	50x10pk
<b>100324</b>	Lightweight	40x30cm	50x10pk
<b>104128</b>	Lightweight	45x30cm	50x10pk
<b>100089</b>	Medium Weight	40x25cm	50x10pk
<b>100097</b>	Medium Weight	40x30cm	50x10pk
<b>100103</b>	Medium Weight	45x30cm	30x10pk
<b>100107</b>	Medium Weight	50x30cm	30x10pk
<b>104134</b>	Heavyweight	40x38cm	30x10pk
<b>100115</b>	Heavyweight	45x38cm	30x10pk
<b>100141</b>	Heavyweight	50x38cm	30x10pk

### Regency Dishcloth

Hard-wearing knitted cleaning cloths suitable for wiping kitchen surfaces, mopping up spills and cleaning dishes.

<b>102277</b>	38x35cm	30x10pk
---------------	---------	---------

We are committed to British manufacturing.

## CATERING – LINENS

**Caterers Check Tea Towel**

A heavier quality tea towel, which is strong and hardwearing, suitable for general use in catering environments. Comes in assorted colours.

**102745** 45x70cm 10x10pk

**Coloured Check Tea Towel**

A standard quality tea towel, suitable for general use in catering environments. Comes in assorted colours of blue, green and red.

**102751** 43x68cm 15x10pk

**Terry Check Tea Towel**

A high quality terry tea towel giving excellent absorption. Suitable for use in general catering environments. Comes in assorted colours.

**102769** 45x70cm 10x10pk

**Terry Tea Towel**

A standard terry tea towel. Suitable for general use in catering environments. Comes in assorted colours.

**102799** 45x68cm 10x10pk

**Rice Weave Tea Towel**

A popular durable tea towel available in assorted colours.

**102802** 45x70cm 10x10pk

**White Cotton Tea Towel**

A standard tea towel suitable for all drying tasks. Available in assorted colours.

**102813** 45x74cm 10x10pk

**Cotton Glass Cloth**

A standard quality glass cloth, available in assorted colours.

**102781** 50x76cm 10x10pk

**Linen Union Glass Cloth**

A quality cotton and linen mix glass cloth which gives a professional smear-free finish. Available in three colours.

**102777** 50x76cm 10x10pk

**White Honeycomb Waiters Cloth**

A professional quality towel, traditionally carried by waiters and used to wipe glassware or cutlery.

**102762** 50x76cm 10x10pk

**Kitchen Twill Tea Towel**

A top quality, professional standard heavy duty cloth with excellent absorbency for all drying tasks. Blue check only.

**102817** 53x76cm 20x5pk

## Dusting &amp; Wiping Cloths

**Lambswool Duster**

Made from hard-wearing natural fibres, the antistatic lambswool duster attracts and holds dust, and is sold in assorted colours with a range of three handle lengths.

<b>101005</b>	Lambswool Duster	56cm	20
<b>101007</b>	Lambswool Duster	61cm	20
<b>101009</b>	Lambswool Duster	122cm	20
<b>101011</b>	Lambswool Duster & Telescopic Handle	48-83cm	5

**Golden Magnet Hi-gold Duster**

The Hi-gold duster attracts and holds dust. Its swivel head reaches tricky areas and comes with a 110cm aluminium pole, which can also be attached to a telescopic handle for a higher reach. The removable sweeper head can also be used as a mitt for hand dusting.

<b>102335</b>	Golden Magnet Hi-Gold Duster	110cm	1
<b>102336</b>	Hi-Gold Duster Replacement Head	25x17cm	10
<b>103164</b>	Ergo-Globe Handle With Cone Fitting	90-162cm	10

**Flexi Cleaning Tool**

A handheld tool which bends into shape to clean the trickiest places. The microfibre sleeve attracts and holds dust, and can be used dry for dusting or damp for tougher cleaning tasks. Chenille microfibre and disposable sleeves are also available. Can be used with cone fitting telescopic handles.

<b>103368</b>	Cleaning Tool	72x6cm	5
<b>100684</b>	Microfibre Sleeve	52x7cm	2x10pk
<b>104700</b>	Chenille Microfibre Sleeve	52x7cm	4x5pk
<b>104181</b>	Disposable Microfibre Sleeve	60x7cm	20x12pk
<b>103164</b>	Ergo-Globe Handle With Cone Fitting	90-162cm	10

**Handy Microfibre Mitt**

The Handy Mitt's microfibre technology effectively picks up dust and dirt, while the conventional mitt style helps the user to quickly clean flat or shaped surfaces. Made with an elasticated cuff for comfort and ease of use, the two-sided mitt can be used on either hand on both sides.

<b>103996</b>	24x17cm	10
---------------	---------	----

**Golden Magnet Dust Maid**

The Golden Magnet Dust maid has a V-shaped fringe head which makes it ideal for use on difficult dusting areas like pipes and blinds, as well as a general handheld duster. Its short handle can also be attached to a longer pole to reach higher areas.

<b>101413</b>	Golden Magnet Dust Maid	17x45cm	10
<b>103164</b>	Ergo-Globe Handle With Cone Fitting	90-162cm	10
<b>103161</b>	Alloy Telescopic Handle	75-135cm	15

**Yellow Duster**

A traditional cotton-rich fabric duster which is good for all-round general use and available in economy, standard and heavy weights.

<b>103085</b>	Economy	43x33cm	50x10pk
<b>103089</b>	Economy	50x35cm	50x10pk
<b>103098</b>	Standard	50x35cm	50x10pk
<b>103103</b>	Standard	50x40cm	50x10pk
<b>103112</b>	Standard	50x45cm	50x10pk
<b>103118</b>	Standard	50x50cm	20x10pk
<b>103123</b>	Standard	60x50cm	20x10pk
<b>103040</b>	Heavy	50x40cm	20x10pk
<b>103046</b>	Heavy	50x45cm	20x10pk
<b>103049</b>	Heavy	60x50cm	20x10pk

**Pipe Brush**

Tough, heavy-duty angled brush with strong hard-wearing bristles for easy cleaning around pipes. Can be used with telescopic poles and handles.

<b>101526</b>	Pipe Brush	30x13cm	10
<b>103161</b>	Alloy Telescopic Handle	75-135cm	15

**Cobweb & Dust Collector**

Close-bristled, wire frame brush ideal for reaching and trapping dust and cobwebs. Available to fit telescopic poles and heavy gauge handles.

<b>101534</b>	Collector For Push-fit Handle	30x13cm	10
<b>101535</b>	Collector For Heavy Gauge Handle	30x13cm	6
<b>102857</b>	Heavy Gauge Handle	120x3cm	24
<b>103161</b>	Alloy Telescopic Handle	75-135cm	15

**Dust Maid**

Handheld dusting tool with V-shaped fringe head which makes it ideal for use on difficult dusting areas like pipes and blinds, as well as a general duster. Its short handle can also be attached to a longer pole to reach higher areas.

<b>101412</b>	49x14cm	10
---------------	---------	----

## Duop Cleaning Tool

**Duop Reach is a versatile, extendable cleaning tool which features a unique ergonomic ball and socket joint, making cleaning easy and strain-free for the user. You can use the Duop with the handle for easy access to hard to reach areas or grip the ball directly for detailed cleaning.**

It makes manual cleaning safer and more effective as the ball and socket joint, along with the extendable handle, is ergonomically designed to reduce repetitive injuries caused by bending, kneeling, wrist flexing, twisting and stretching.

### What's included?

The Duop Reach Kit includes an extendable handle, removable ball and socket frame, along with two cleaning and two glass microfibre pads, five Hi-shine cloths and a spray bottle.

The Duop Kit includes a standard handle, removable socket and ball frame, and a cleaning and glass microfibre pad.

104094	Duop Reach Kit	96-162cm	1
104093	Duop Kit	70cm	1
104098	Duop Reach Handle	93-158cm	5
104096	Duop Standard Handle	70cm	5
104099	Duop Ball Frame	15x15x7cm	5
104097	Duop Cleaning Pad	17x17cm	10
104100	Duop Glass Pad	17x17cm	10
104451	Wrist Lanyard		1

### Velette Wipes

A general purpose, heavyweight wipe with great absorbency, containing an antibacterial agent which inhibits bacterial growth and odours on the wipe. Cloths are thick, strong and durable, and can be washed and reused many times. Made from a viscose, polyester and antibacterial blend, it is also food contact safe.

100245 50x35cm 6x25pk

### Ocean Wipes

A general purpose medium weight cleaning wipe. Made from a viscose and polyester blend. Ocean wipes are food contact safe.

100233 50x36cm 10x50pk

### Handy Wipes

A great value, lightweight and disposable all-purpose cleaning wipe, which is perforated so it provides good absorbency and dirt collection. The Handy wipe is food contact safe. The large is made from a viscose and polyester blend, while the standard is made from polyester with a hydrophilic agent.

104390 Standard 42x35cm 20x50pk  
104023 Large 60x30cm 20x50pk

### Maxi Wipes

A heavyweight professional quality cloth for general purpose cleaning on all surfaces. Super absorbent and extra strong, it's ideal for tougher cleaning tasks. Made from a viscose and polyester blend.

100229 40x38cm 20x5pk

### Mighty Wipes

A soft, strong and highly absorbent general-purpose cleaning cloth. The wipe absorbs up to 10 times its own weight in water, and is ideal to easily clean-up spillages on all surfaces. The Mighty wipe is available colour coded plus white, and in medium and heavyweight sizes.

100237 Medium 38x38cm 20x10pk  
100240 Heavy 40x38cm 20x10pk

NEW

### Handy Roll

A great value, lightweight and semi-disposable all-purpose cleaning wipe on a roll, which is perforated to provide good absorbency and dirt collection. The Handy roll contains 350 sheets, is food contact safe, and is available in four colours. It is made from polyester with a hydrophilic agent.

104628 22x37cm 2 rolls

### All-purpose Wipes

This handy, hygienic antibacterial roll in a portable dispenser keeps wipes clean and easily accessible. It contains a roll of 200 perforated lightweight tear-off wipes, ideal for single use on any surface to prevent cross-contamination. The antibacterial agent inhibits bacterial growth and odours on the wipe. All-purpose wipes are food contact safe, and are made from a viscose and polyester blend.

100247 37x22cm 6 rolls

## DUSTING & WIPING CLOTHS – MICROFIBRE CLOTHS

### Microglass® Microfibre Cloth

A professional quality microfibre cloth designed as an alternative to chamois or scrim for smear-free cleaning of glass and stainless steel surfaces.

**101216** ●● 40x40cm 3x10pk  
**101221** ●● 76x70cm 3x10pk

### Ecofibre Microfibre Cloth

The Ecofibre cloth has the cleaning power of microfibre with 55% of each cloth made from recycled plastic bottles, there are 2 recycled bottles in each cloth. Five cloths packed in a presentable box which is made from recycled and recyclable card.

**104801** ●●●● 40x40cm 20x5pk

### Microtex® Microfibre Cloth

Microtex is a premium microfibre cloth with high absorbency and is great for heavier duty cleaning tasks.

**101150** ●●●●○ 40x40cm 3x10pk

### Nano-Ag Microbial Microfibre Cloth

A premium microfibre cloth with Nano-Ag technology; a natural silver antibacterial agent that kills 99.9% of bacteria, including MRSA, E. coli and Listeria, preventing bacterial growth and bad odours on the cloth.

**101142** ●●●●○ 40x40cm 30

### Exel® Microfibre Cloth

Exel is our most popular knitted microfibre cloth, which is ideal for quick and effective cleaning.

**101157** ●●●●○ 40x40cm 20x10pk

### Microscrub Microfibre Cloth

A microfibre cloth with an added scrubbing scourer corner. The ultra-fine microfibres capture dirt from most surfaces while the scrubbing corner is great for stubborn marks.

**104122** ●●●●○ 40x40cm 10x5pk

### Contract Microfibre Cloth

A good, all round cloth which offers great value for money.

**101137** ●●●●○ 40x40cm 20x10pk

## DUSTING & WIPING CLOTHS – MICROFIBRE CLOTHS

### Micro-box Microfibre Cloth

This cost-effective and semi-disposable cloth perfectly fills the gap between disposable non-woven and reusable microfibre. Comes in a handy dispenser; simply pull, use and reuse. The cloth is made using an innovative, edgeless technology which means instead of being sewn the edges are ultrasonic-cut and fused to prevent fraying.

**104123** ●●●●○ 30x30cm 8x50

### Hi-absorb Microfibre Cloth

Hi-absorb is a heavyweight microfibre cloth made from a knitted blend of polyester and polyamide yarns, which are coated with polyurethane (PUR) to give it a soft and strong chamois-like feel. This means the fabric is effective at surface cleaning and is especially suited to high gloss surfaces requiring a streak-free finish such as glass and chrome.

**103986** ●●●●○ 38x35cm 10x5pk

### Hi-shine Microfibre Cloth

Hi-shine microfibre cloth is designed to give a fast, smear-free clean on glass, steel and shiny surfaces. A thick, semi-disposable cloth which can be used damp or dry, it is highly absorbent but easy to wring out and dries quickly after use.

**101172** ●●●●○ 40x40cm 10x10pk

### Mi-cloth Microfibre Pack & Roll

Available as individual sheets in a pack or a perforated roll, Mi-cloth is a disposable microfibre cloth for general cleaning. Ideal for use to prevent cross-contamination, it is a low linting, lightweight and food contact safe cloth which stays strong even when damp.

**103216** ●●●●○ Pack (50 sheets) 38x32cm 12x50pk  
**103217** ●●●●○ Roll (250 sheets) 31x26cm 9 rolls

## DUSTING & WIPING CLOTHS – FLOOR CLOTHS

### Floor Cloth

A good, all-round floor cloth which has abrasive qualities to help tackle tougher stains. Easy to rinse, wash and reuse. Available in a range of sizes and in light, medium and heavyweight grades.

Look for FSC® Certified Products

## What does FSC® mean to you?

**When we made the decision to sell a range of wooden brushware that's made from sustainable sources, we felt that the best way we could achieve this was by supplying products certified by the Forest Stewardship Council (FSC®), which helps take care of forests and the people and wildlife who call them home.**

### What is FSC?

FSC stands for 'Forest Stewardship Council'. They are an international non-profit organisation dedicated to promoting responsible forestry. FSC certifies forests all over the world to ensure they meet the highest environmental and social standards.

Products made with wood and paper from FSC forests are marked with the 'tick tree' logo. When you see this logo, you can be confident that buying it won't mean harming the world's forests.

### How does the FSC system work?

Forests are inspected and certified against strict standards based on FSC's 10 Principles of Forest Stewardship. These inspections are undertaken by independent organisations, such as the Soil Association, that are accredited by the FSC. In order to be given FSC certification a forest must be managed in an environmentally appropriate, socially beneficial and economically viable manner.

This is what makes the FSC system unique and ensures that a forest is well-managed from the protection of indigenous people's rights to the methods of felling trees. Forests that meet these strict standards are given FSC certification and the timber is allowed to carry the FSC label.

### How can I be sure that the product really does come from an FSC well-managed forest?

In addition to forest certification, the FSC system includes a certified chain of custody that tracks the timber through every stage in the supply chain from the forest to the final user.

You can check on the FSC website that Robert Scott is an approved supplier using our company name in the search page.

### What does the FSC label mean?

The Forest Stewardship Council (FSC) logo on a wood or wood-based product is your assurance that it is made with, or contains, wood that comes from FSC certified forests or from post-consumer waste. There are three types of FSC label: 100%, FSC Mix or FSC Recycled.

### Which products carry the label?

In the UK, the FSC label can be found on garden furniture, decking, sheds, conservatories, tools, bird boxes and bird tables, kitchen, bathroom and general housewares, brushes, wall paper, flooring, doors, shelves, furniture, toilet tissue, paper, pencils, charcoal - in fact most things made from wood! The label can also be found on non-timber forest products such as natural latex, cork and bamboo.

For Robert Scott products, this includes our wooden range of brushware including brooms and hand brushes.

**"Products made with wood and paper from FSC forests are marked with the 'tick tree' logo. When you see this logo, you can be confident that buying it won't mean harming the world's forests".**

### How does FSC differ from other forest certification schemes?

There are a number of other forest certification schemes around but they do not have the same strict environmental, social and economic standards or such a rigorous chain of custody; tracking timber from the forest to the final user.

FSC is therefore the only forest certification scheme endorsed by the major environment charities including WWF, Greenpeace and the Woodland Trust.

### Do FSC certified products cost more?

Like all products it depends on the availability but on the whole familiar items will be roughly the same price as non-FSC items.

For more information on our FSC brooms please call **01457 819400**, email [info@robert-scott.co.uk](mailto:info@robert-scott.co.uk), or visit [robert-scott.co.uk](http://robert-scott.co.uk)

## Taking a traditional approach to sustainable cleaning

**Sustainability. A word on the lips of so many industries and so as we embark on a new year, Alastair Scott, sales director at Robert Scott, takes stock of the business' focus for 2021 and its plans to shine an even brighter spotlight on sustainability in the years to come.**

More than ever before, customers and their janitorial staff are increasingly aware of the need to make more sustainable choices when it comes to their cleaning regime. Be that making more considered product choices that are less harmful to users and with better environmental credentials or finding ways to reduce plastic waste and increase recyclable materials throughout the supply chain.

As a business, it's not just product innovation where we are looking to improve the sustainability of our products. We've also set our sights on our core offering of traditional cleaning products such as mops, brooms and cloths – products that are used day-in-day-out and which aren't often associated with being typically 'green' – and feel it's time to remind ourselves of the sustainable merits of traditionally produced products.

Take our floor and dish cloths for instance. These are manufactured using recycled shredded clothing, which means we are diverting textile waste from landfill and giving it another use.

Robert Scott's mops, manufactured here in the UK at our mills in the north west of England, are also made using sustainably-sourced materials. The cotton used in the mop head is sourced from waste produced during the spinning process, again giving a use for a material that would otherwise be disposed of.

For a more sustainable approach to traditional mopping we've designed the patented Refill socket mop. This means you only need to dispose of the mop yarn while re-using the plastic socket, which are also made here in the UK. The Refill socket can be cleaned and reused hundreds of times, and is colour coded to prevent cross-contamination, making mopping more hygienic, cost-effective and eco-friendly.

Packaging is one of the biggest contributors to plastic waste in all sectors, with the majority of single-use plastic being used to package products. That's why we recently launched a 100% recycled and 100% recyclable spray bottle that's made here in the UK out of plastic milk bottles that would otherwise go straight to landfill. This allows end users to dispense cleaning fluids without the waste and environmental impact of single-use plastic bottles, which are often made from virgin plastic.

And we've already talked about our range of wooden brushware and broom handles created from sustainable sources and certified by the Forest Stewardship Council (FSC). These products includes our wooden brooms and hand brushes, and to make it easier to identify which ones are certified look out for the FSC logo on the product listing on our website.

We're also continuing to develop our Toucan Eco bio-cleaning range – a sustainable and chemical-free disinfectant and cleaning solution for businesses, which removes the need for 80% of chemical cleaning products while significantly reducing single use plastic bottles and cutting costs for a business.

Additionally, we are rolling out a new biodegradable wrap to protect and package items. This reduces the life of the packaging – an important step towards finding new ways to reduce the environmental impact of packaging waste.

Whether you're looking to make small changes to your everyday cleaning processes with sustainably-sourced and manufactured traditional products, or you're considering an overhaul of your cleaning system with innovation such as Toucan Eco, it's important to remember that you are making steps to change. If we can all do something, no matter how big or small, we can work towards making a positive change for our industry and securing the future of this planet.

## FLOORCARE – SQUEEGEES & SPONGE MOPS

### Lightweight Floor Squeegee

A lightweight floor squeegee that's ideal for the fast cleaning and drying of hard floors. It features two rubber foam blades and a hanging tab for easy storage, and is available in white only. Fits the standard 102855 and heavy gauge 102857 handle (p50).

**101565** 55cm 24

### Dry Up Pad

Clean up spilt liquids with the super absorbing disposable pad. It's ideal for soaking up oils in kitchens or garages, water and other liquids, or even blood and urine in hospitals, disposable gloves should always be used to prevent contamination.

**103238** 45x33cm 5x10pk

### Sponge Mop

Good quality sponge flat mop with hinged plastic head and push operated squeezing action. The standard mop has a polyester foam head, while the Wonderdry has an absorbent, cellulose head, which can be replaced.

<b>102919</b>	Standard	23x10x118cm	12
<b>102925</b>	Wonderdry	20x13x127cm	4
<b>102926</b>	Replacement Head	20x13cm	8

### Heavy-duty Floor Squeegee

A professional plastic squeegee with two foam rubber blades, ideal for fast cleaning and drying of all hard floors. Available in a range of sizes to suit all needs, and in five colours for easy colour coding. Fitting suitable for handles with 25mm diameter. We recommend the Hygiene handle 103131 (p49).

<b>101498</b>	35cm	6
<b>101499</b>	45cm	6
<b>101500</b>	55cm	6
<b>101501</b>	65cm	6
<b>101502</b>	75cm	6

### Zinc Plated Floor Squeegee

A foam rubber squeegee with zinc plated holder, designed to give good contact on uneven surfaces for efficient everyday floor cleaning. Recommended for use with our aluminium handle 103144 (p50) for best results.

<b>101504</b>	35cm	10
<b>101505</b>	45cm	10
<b>101506</b>	55cm	10
<b>101507</b>	75cm	10

### Combo Sponge Mop

Cellulose sponge mop with lever-operated roller wringer, ideal for smaller mopping tasks. Easy to maintain and can be sterilised in an autoclave. Replacement heads available.

<b>102920</b>	Combo Sponge Mop	139cm	1
<b>102923</b>	Replacement Head	32cm	6

## FLOORCARE – DUSTPANS & BRUSHES

### Stainless Steel Lobby Dustpan & Brush

# Caddy Clean Scrubbing Machine

**Caddy Clean is a versatile, lightweight scrubbing machine which can be used on almost any surface, making it a popular choice with professionals. Battery operated and compact, it is perfect for cleaning hard to reach areas where bulky mains-operated machines can't fit.**

Its 1.7 litre solution tank (sold separately) and trigger delivers fluid straight to the scrubbing heads, which includes soft microfibre or abrasive pads and bristle heads for tough scrubbing, cleaning and polishing. The telescopic handle reduces bending and stretching, and the handheld attachment can be used on its own for scrubbing on bathroom or kitchen surfaces.

Pads and brushes are easily attached and the heavy-duty battery, which fits onto a belt, gives up to two hours cleaning time. Caddy Clean is suitable for use just about anywhere, with no need to carry multiple tools for different areas. Abrasive pads come in six colours.

### What's in the kit?

The kit includes the scrubbing machine, handheld attachment, 12v battery, charger and belt clip, two pad holders, a pair of abrasive and a pair of soft pads, and a pair of standard and light brushes (solution tank sold separately).

The handheld attachment can be used on its own. The handheld kit includes the scrubbing machine, handheld attachment, 12v lithium battery, charger and belt clip, two pad holders, a pair of abrasive and soft pads, and pair of standard and light brushes.

**Rubber Anti-Fatigue & Entrance Mat**

A hardwearing rubber mat which is particularly suitable for employee protection against hard floors in either wet or dry areas. Made from tough NBR rubber with a slip-resistant raised surface and drainage holes, it conforms to safety tests and is ideal for workplace use. Available in two sizes.

<b>100424</b>	150x90cm	1
<b>100425</b>	120x80cm	1

## FLOORCARE – SAFETY FLOOR SIGNS

Avoid costly liability claims and ensure you comply with the latest health and safety laws.

Slipping and falling accidents cost businesses millions of pounds a year in compensation. Our range of high visibility signs warn of temporary hazardous areas, providing valuable safety information and marking of potential danger to help prevent slips, trips and falls. They are lightweight, highly durable and easy to transport.

### Wet Floor Sign Printing

Advertise your company on every floor sign. We can custom print safety signs with your company name, logo and any special safety message. There is a minimum order quantity of 100 signs for this service.

### Standard Safety Floor Sign

A great value double sided A-frame sign to warn against potential hazards from wet floor surfaces during and after cleaning or spillages. Made from vivid yellow plastic with bright red/black graphics, these are available with a range of warning messages or blank for your own sticker. No assembly needed, folds flat for easy storage.

101423	Caution Wet Floor/Cleaning in Progress	62x30cm	10
101433	Cleaning In Progress	62x30cm	5
101439	Male/Female Attendant	62x30cm	5
101441	Wet Floor/Wet Floor	62x30cm	5
101434	Closed for Cleaning	62x30cm	5
101437	Window Cleaning	62x30cm	5
101440	Blank Wet Floor	62x30cm	5
104366	Keep Your Distance	62x30cm	5
101438	Out of Service	62x30cm	5

### Banana Cone®

Extremely effective at gaining attention, the Banana Cone is compliant with OSHA and International Safety Standards. It is designed to be stackable for easy storage and available in two sizes.

104555	Big	36x36x90cm	1
104557	Original	30x30x60cm	3

### A-frame Banana Sign®

Designed to stand out, the sign features rubber stoppers to prevent someone sliding on it if the sign is pushed over. Collapsible for easy storage, the sign is compliant with OSHA and International Safety Standards.

104558	30x60cm	6
--------	---------	---

## FLOORCARE - SAFETY FLOOR SIGNS

### Safety Cone

A bright four-sided cone with universal wet floor graphic and 'Caution' printed in two choices of English only or English, German, French, Spanish and Dutch on all sides. Multiple units can be used with barrier chain or tape to cordon off larger areas.

104383	Robert Scott Standard Safety Cone	68cm	5
101462	Multilingual Large Safety Cone	91cm	5

### Stackable Caution Cone

A sturdy bright yellow cone made from tough polypropylene with 'Caution' in bold print on both sides to warn against hazards. Stackable for easy storage.

101464	46cm	10
--------	------	----

### Safety Barrier Sign (Pair)

A versatile 264cm long folding barrier with a pair of hinged panels to prevent unwanted entry. Clear red 'No entry' graphics on both sides. Multiple panels can be clipped together to make a larger barrier if needed. Folds flat for easy storage.

101461	90x264cm	3 Pair
--------	----------	--------

### Hanging Door Safety Sign

A handy, spring-loaded bar with hanging sign, easily fitted to doorways from 70-95cm to prevent entry during cleaning. Made from flexible, hardwearing materials with rubber end caps to prevent damage to door frames. Rolls up for easy storage when not in use. 'For cleaning' can be hidden for general use.

101442	70-95cm	4
--------	---------	---

### Door Stop With Handle

A handy tool to safely prop doors open for easy access during cleaning tasks. The ergonomically-designed long handle with built-in locking/unlocking mechanism enables easy use with no bending. It also has a sturdy rubber stopper with a non-slip base to prevent damage to doors and flooring.

103646	8x16x75cm	1

# KGS Flexis® Floor Pads – diamond cleaning made easy!

KGS Flexis pads are designed to be the ultimate in daily cleaning and polishing of virtually any hard floor without chemicals. Made with Ferrzon®+ microcrystal technology, they produce cleaner and shinier floors in less time.

Flexi pads are available in five grades of coarse, medium, fine, very fine and ultra-fine.

**Red: coarse 400**

The red pad is mainly used for heavy duty surface renovation. It is intended for deep cleaning and as a good starting point for the rest of the process. Used for rough, greasy or very dirty surfaces, or as a process starter and occasional use.

- Thicker and stronger 20mm pads.
- Open weave provides self-cleaning without chemicals – only use water.
- Reduces cleaning times.
- Proven long lasting results and shinier floors.

<b>102549</b>	Coarse	● 15"	2	<b>102551</b>	Coarse	● 17"	2
<b>102563</b>	Medium	● 15"	2	<b>102565</b>	Medium	● 17"	2
<b>102556</b>	Fine	● 15"	2	<b>102558</b>	Fine Flexis	● 17"	2
<b>102578</b>	Very Fine	● 15"	2	<b>102580</b>	Very Fine	● 17"	2
<b>102570</b>	Ultra Fine	● 15"	2	<b>102572</b>	Ultra Fine	● 17"	2
<b>102550</b>	Coarse	● 16"	2	<b>102553</b>	Coarse	● 20"	2

<b>102557</b>	Fine	● 16"	2	<b>102560</b>	Fine	● 20"	2
<b>102579</b>	Very Fine	● 16"	2	<b>102582</b>	Very Fine	● 20"	2
<b>102571</b>	Ultra Fine	● 16"	2	<b>102575</b>	Ultra Fine	● 20"	2

**Blue: medium 800**

The blue pad can be used for deep cleaning and produces a light reflective finish, most popular in large industrial and commercial applications. Used for high traffic floors, occasional use for deep cleaning and daily for light gloss.

Light Gloss

**Yellow: fine 1500**

The yellow pad is intended for both daily polishing and cleaning, producing a clear, reflective shine. For floor maintenance and daily for medium gloss.

Medium Gloss

**Green: very fine 3000**

The green pad polishes your floor to a high gloss. Daily use will maintain and improve the polish. Used for the daily cleaning of all floors to a high gloss.

High Gloss

**Cream: ultra fine**

The cream pad is used for buffing wet or dry giving the ultimate in 'wet look shine' for high gloss finishes. If it is used daily, in combination or without the green pad, it will maintain and improve the deep polish shine.

Ultra High Gloss

The biggest and most abused floors are no barrier for KGS Flexis. There is no need to alter your program, just fit the appropriate pad onto your scrubber dryer or rotary floor machine.

**How to use for daily cleaning**

KGS Flexis pads make floor cleaning and polishing easy; just follow a few simple guidelines.

- Designed to be used with rotary floor machines and scrubber dryers, and speeds of between 200 and 800rpm and weights between 20 and 80kgs. For best results, please use a drive board.
- The pads can be used on terrazzo marble, granite, concrete, ceramic tiles, vinyl, plastic, linoleum, epoxy and acrylic floors – just match the pad to the floor.
- Remove dirt and dust first by using the first required grit.
- Test in an out of the way area before beginning the full job and in an area that can be easily controlled.
- Flexis pads do not require heavy duty chemicals to work.
- Beware of sharp protrusions in the floor (i.e. metal strip or sharp lippage).
- Make sure you fit the pad colour side down.
- Use flat Velcro style drive boards to maximize floor contact. This delivers a more even floor finish.
- For daily cleaning we recommend the green pad, one pass and wet.
- Wash pads daily for best performance and to extend life of the pads.
- Flexis pads do not require chemicals, just use water.

**Deep cleaning sequence**

For maximum deep cleaning we recommend the four step process of Flexis red, blue, yellow and green in sequence, each with five passes and using water.

**Top tip**

For best results, use a flat Velcro style drive board. A brush type drive board which does not offer flat coverage can result in uneven pad wear.

**Surface application guideline**

Material / surface	Daily cleaning		Wet look high polish			
	3000	8000	400	800	1500	3000

## FLOORCARE – FLOOR PADS

### Standard Speed Floor Pad

For machines operating up to 600rpm. 85mm push out centre hole prevents the floor pad from overheating. Pads hug uneven floors and can be used on both sides with no loss of efficiency. To extend the life of the pads, brush the pad surface while rinsing with clean water by using the centre push-out piece, and hang to dry.

#### Black: stripping & cleaning

For wet scrubbing strong layers of emulsion floor polishes. Removes the old finish and eliminates concrete burns.

#### Blue: light cleaning

Light cleaning and spray burnishing.

#### Brown: scrubbing

Hard aggressive scrubbing wet or dry, with strippers. Prepares the floor for new emulsion floor polishes.

#### Green: intermediate cleaning

For the removal of surface layers of wax and to prepare the floor for the next process. Use wet.

#### Tan: polishing

For light cleaning and maintaining all types of floors. Use dry.

#### Red: polishing spray

For frequent use on relatively clean floors and spray burnishing. It also cleans and polishes dry.

#### White: finishing & polishing

Suitable for finishing and polishing floors. Use dry.

### Ultra High Speed Floor Pad

For machines operating at 600 to 2000rpm.

#### Sapphire:

##### High lustre polishing (hard)

A super soft polishing pad to give floors a high gloss shine. Suitable for daily use. 2,000rpm.

102626 Sapphire 17" 5

102625 Sapphire 20" 5

#### Natural:

##### Moderate buffering (moderate)

Virgin polyester combined with natural bristles and a special elastic resin makes a durable and flexible pad. Suitable for vigorous polishing or to finish the floor after crystallisation. 600rpm.

102621 Natural 17" 5

102618 Natural 20" 5

### Erase-all Floor Pad

NEW

The floor pad is designed to clean tough marks, stains and ingrained dirt on hard floor surfaces such as concrete, ceramic, marble, stone and safety flooring. Can be used daily, periodically or for deep cleaning. It's environmentally-friendly as there's no need for cleaning chemicals – you just use water. Made from a melamine compound, the pad is designed for scrubber dryers and rotary floor machines.

104510 17" 2

104511 20" 2

### Personalise your floor pad label

You need to order a minimum quantity 25 cases or 125 pads, but the order can be made up of mixed colours and mixed sizes based on complete cases. Each case features personalised labelling including your logo and short message or description.

## MOPS, HANDLES, BUCKETS & TROLLEYS – SOCKET MOPS

### Big White Exel® Socket Mop

A lightweight, super-absorbent mop made from non-woven fabric strips, with the extra-secure Exel push fitting to avoid the mop slipping in the handle whilst wringing. A great value, fast drying alternative to cotton mops, ideal for smaller areas. Colour coded sockets plus white.

102199 117g 6x10pk

### Big White RS1 Socket Mop

A lightweight, super-absorbent mop made from non-woven fabric strips. A great value, fast drying alternative to cotton mops, ideal for smaller areas. Colour coded sockets plus white.

102204 107g 6x10pk

### Big White T1D Socket Mop

A lightweight, super-absorbent mop made from non-woven fabric strips. A great value, fast drying alternative to cotton mops. Ideal for smaller areas and available with colour coded sockets plus white. Features a more environmentally friendly T1D socket with less plastic. Push fits onto alternative handles, as well as our own.

102209 Small 87g 10x10pk

102211 Standard 102g 6x10pk

102213 Large 137g 5x10pk

### Refill Mop

Our Refill Mop has a unique, patented reusable mop socket which easily and securely clips the mop head into place. Just replace refills when necessary to reduce plastic waste and save money. Sockets are colour coded plus white. UK patent No. 2497337.

The refill is available in three yarns. The Big White mop is made from non-woven spun-lace, is low linting and highly absorbent. A cotton-rich version is also available in both PY and twine yarns. The Big White Refill starter kit comes with 20 mops and 10 clips.

102214 Big White Refill Mop 85g 10x10pk

104191 PY Refill Mop 160g 10x10pk

104192 Twine Refill Mop 160g 10x10pk

101835 Refill Socket & Clip 20

## MOPS, HANDLES, BUCKETS & TROLLEYS – SOCKET MOPS

### Exel® Revolution Socket Mop

A circular mop head with the Exel push fit socket. Stayflat band holds the circular shape enabling the mop to cover a larger floor area, whilst the looped yarn prevents linting and yarn tangling in use. Made from a unique blend of polyester and cotton yarns for improved strength and absorbency. Available in various weights and colours. Washable up to 60 degrees.

103074 200g 20

103075 250g 15

103076 300g 15

103077 350g 10

### Exel® Microfibre Socket Mop

This Exel microfibre mop combines superior microfibre yarn with the Exel push-fit socket, making it one of the most absorbent mops on the market. The mop can clean a larger floor area faster than traditional cotton mops, as it's made with a stayflat band, which holds the mop in a circular shape that increases contact with the floor.

104411 185g 20

104412 285g 15

### Hygiemix Socket Mop

A circular mop head with a T1 screw thread socket. The stayflat band holds the circular shape enabling the mop to cover a larger floor area, whilst the looped end prevents linting and yarn tangling in use. Made from a unique blend of polyester and cotton yarns for improved strength and absorbency. Available in various weights and colours. Washable up to 60 degrees.

103065 300 15

103066 350 10

### Coloured Hygiemix Socket Mop

A fully colour coded mop system, offering the same cleaning benefits as the hygiemix mops, but with coloured yarn as well as coloured T1 screw thread sockets.

104118 200 20

104120 300 15

We are committed to British manufacturing.

## MOPS, HANDLES, BUCKETS & TROLLEYS – SOCKET MOPS

### PY Exel® Socket Mop

A traditional yarn mop with our Exel push fitting, designed to avoid the mop slipping on the handle whilst wringing. Absorbent PY yarn is suitable for smoother floor surfaces like laminate or lino flooring. Available in various weights with four colour coded sockets, plus white.

<b>102262</b>	150g	6x10pk
<b>102266</b>	200g	6x10pk
<b>102268</b>	250g	5x10pk
<b>102271</b>	300g	4x10pk

### Twine Exel® Socket Mop

Made from thinner twine yarn which is more resistant to abrasion and suitable for more profiled or rougher flooring. Twine yarn doesn't lint as much as PY. Available in various weights with four colour coded sockets plus white.

<b>102251</b>	150g	6x10pk
<b>102254</b>	200g	6x10pk
<b>102257</b>	250g	5x10pk
<b>102259</b>	300g	4x10pk

### PY Yarn Socket Mop

A traditional yarn mop suitable for general purpose mopping with RS1 fitting. Absorbent PY yarn is suitable for smoother floor surfaces like laminate or lino flooring. Available in various weights, colour coded plus white. A metal socket is also available.

<b>101863</b>	No.10	132g	10x10pk
<b>101870</b>	No.12	182g	10x10pk
<b>101872</b>	No.14	232g	5x10pk
<b>101876</b>	No.16	282g	5x10pk

### Twine Yarn Socket Mop

A traditional socket mop made from thinner twine yarn which is more resistant to abrasion and suitable for more heavy tread, rougher flooring. With RS1 fitting. Twine yarn does not lint as much as PY yarn. Available in various weights and four colour coded sockets, plus white. Also available in a metal socket.

<b>101848</b>	No.10	132g	10x10pk
<b>101852</b>	No.12	182g	10x10pk
<b>101856</b>	No.14	232g	5x10pk
<b>101858</b>	No.16	282g	5x10pk

 Cotton mops made in the UK to accredited standards

## MOPS, HANDLES, BUCKETS & TROLLEYS – PRAIRIE MOPS

### Big White Exel® Prairie Mop

A lightweight, high performance Prairie mop made from highly absorbent, low-linting, non-woven fabric, with an Exel push fitting attached. Ideal for high traffic areas as floors dry faster after cleaning. Available in two sizes, colour coded fitting plus white.

<b>102245</b>	Exel Stubby	197g	50
<b>102246</b>	Exel Large	247g	40

### Big White T1 Prairie Mop

A lightweight, high performance mop made from highly absorbent, low-linting, non-woven fabric, with a T1 fitting attached. Ideal for high traffic areas as floors dry faster after cleaning. Available in two sizes, colour coded fitting.

<b>102240</b>	Stubby	194g	5x10
<b>102238</b>	Large	244g	40

### Hygiemix Exel® Prairie Mop

Hardwearing mop made from a unique blend of bleached cotton and synthetic yarns, with an Exel fitting attached to avoid user contact when changing heads. The stayflat band keeps the yarn flat on the surface covering a larger area, whilst the looped end yarn prevents tangling.

<b>103008</b>	340g	10
<b>103010</b>	450g	10

### Hygiemix T1 Prairie Mop

Hardwearing mop made from a unique blend of bleached cotton and synthetic yarns, with a T1 fitting attached to avoid user contact when changing heads. The stayflat band keeps the yarn flat on the surface covering a larger area, whilst the looped end yarn prevents tangling.

<b>103006</b>	340g	10
<b>103007</b>	450g	10

## MOPS, HANDLES, BUCKETS & TROLLEYS – PRAIRIE MOPS

### Exel® Prairie Mop

Kentucky style mop with Exel fitting attached to avoid user contact with soiled mop when changing heads. Made from PY or multi-yarn in two weights, with colour coded fittings.

102234	PY	340g	40
102235	PY	450g	30
102227	Multi	340g	50
102228	Multi	450g	40

### Prairie T1 Mop

Kentucky style mop with screw thread T1 fitting attached to avoid user contact with soiled mop when changing heads. Made from PY or multi-yarn in two weights, with colour coded fittings.

102231	PY	340g	40
102232	PY	450g	30
102222	Multi	340g	50
102225	Multi	450g	40

### Coloured Hygiemix Prairie T1 Mop

A fully colour coded mop system, offering the same cleaning benefits as the Hygiemix Prairies; but with coloured yarn as well as coloured T1 sockets.

104131	340g	10
104130	450g	10

## Mopping the sustainable way with recycled textile manufactured locally.

Mops are often overlooked as a sustainable cleaning product, but when the fabric is sourced from recycled textile and most made here in the UK into CHSA accredited mops then Robert Scott mops are a green way to clean.

That's eco-friendly cleaning know-how from Robert Scott.

Sustainable

Recycled fabric

## MOPS, HANDLES, BUCKETS & TROLLEYS – KENTUCKY MOPS

### Big White Kentucky Mop

A lightweight, high performance Kentucky mop made from highly absorbent, low-linting non-woven fabric, ideal for high traffic areas as floors dry faster after cleaning. Various weights available. Use with our Kentucky fittings. Scratchback option available upon request.

100869	Scratchback	●●●●○	150g	50
100870	Scratchback	●●●●○	200g	50
100871	Scratchback	●●●●○	250g	50
100874	Sewn Centre		150g	50
100878	Sewn Centre		200g	50
100883	Sewn Centre		250g	50

### Microfibre Stayflat Kentucky Mop

A high quality, extra absorbent microfibre mop, ideal for fast and hygienic cleaning of large floor areas without the need for chemicals. The stayflat band keeps the yarn flat on the floor surface enabling the mop to cover a larger floor area, whilst the looped end reduces linting and yarn tangling in use. Use with our kentucky fittings. Flagged for colour coding.

101183	340g	25
--------	------	----

### Coloured Hygiemix Kentucky Mop

A fully colour coded Kentucky mop offering the same cleaning benefits as the Hygiemix Kentucky mops, but with coloured yarn. Abrasive scratchback centreband for removing dirt whilst mopping.

104133	340g	10
104135	450g	10

### PY Yarn Kentucky Mop

Absorbent PY yarn Kentucky mop for larger floor areas. PY yarn suitable for wood, laminate and other smooth floor surfaces. Various weights available, and flagged for easy colour coding. Use with our Kentucky mop fittings.

100962	340g	Flagged	40
100967	400g	Flagged	40
100969	450g	Flagged	30
100975	560g	Flagged	30
100976	680g	Flagged	25

**Twine Yarn Kentucky Mop**

A kentucky mop for use on larger floor areas, made from low-linting, thinner twine yarn. Suitable for rougher surfaces like safety flooring. Available in various weights and flagged for easy colour coding.

<b>100977</b>	340g	Flagged	50
<b>100980</b>	400g	Flagged	50
<b>100981</b>	450g	Flagged	40
<b>100984</b>	560g	Flagged	30
<b>100985</b>	680g	Flagged	25

**Multi-Yarn Kentucky Mop**

Made from extra hard-wearing multi-yarn which is constructed from multiple strands of twine yarn. An absorbent kentucky mop for larger floor areas. Available in various weights and flagged for easy colour coding.

<b>100947</b>	340g	Flagged	50
<b>100949</b>	400g	Flagged	50
<b>100951</b>	450g	Flagged	40
<b>100958</b>	560g	Flagged	30
<b>100961</b>	680g	Flagged	25

**Scratchback Stayflat Kentucky Mop**

PY, Twine and Hygiemix yarn kentucky mops with an abrasive scratchback centre band for removing dirt whilst mopping. The stayflat band keeps the yarn flat on the floor, enabling the mop to cover a larger floor area, whilst the looped end reduces linting and avoids yarn tangling in use. White colour scratchback is standard, also available with coloured scratchback.

<b>100992</b>	PY	340g	40
<b>100993</b>	PY	450g	30
<b>100857</b>	Twine	340g	50
<b>100858</b>	Twine	450g	40
<b>103055</b>	Hygiemix	340g	10
<b>103056</b>	Hygiemix	450g	10

**Stayflat Kentucky Mop**

PY, Twine and Multi yarn kentucky mops. The stayflat band keeps the yarn flat on the floor surface enabling the mop to cover a larger floor area, whilst the looped end yarn reduces linting and yarn tangling in use. Separate codes for natural colour.

<b>100919</b>	PY		340g	40
<b>100920</b>	PY		450g	30
<b>100929</b>	Twine		340g	50
<b>100930</b>	Twine		450g	40
<b>100893</b>	Multi		340g	50
<b>100896</b>	Multi	Natural, flagged	340g	50
<b>100895</b>	Multi		450g	40

**Exel® Handle**

A medium-weight aluminium handle with push fitting which can be used with all Exel sockets. Available with handle grip in six colours for easy colour coding.

<b>103171</b>	137cm	5
---------------	-------	---

**Hygiene Handle**

A versatile aluminium handle with T1 screw thread which can be used with mops, mop holders, washable brushware and squeegees. Available with handle grip in five colours for easy colour coding.

<b>103132</b>	125cm	20
<b>103131</b>	137cm	20

**Hygiene Handle & Plastic Kentucky Fitting**

A lightweight aluminium handle with plastic fitting suitable for use with Kentucky mop heads.

<b>103026</b>	137cm	5
---------------	-------	---

**Powder Coated Handle With Metal Kentucky Fitting**

A hardwearing steel handle which comes complete with a metal fitting for use with Kentucky mop heads.

<b>103037</b>	137cm	10
---------------	-------	----

**Wooden Handle With Metal Kentucky Fitting**

A sturdy wooden handle complete with metal kentucky fitting. Available in varnished and non-varnished options.

<b>100915</b>	Wooden Handle With Metal Kentucky Fitting	137cm	5
<b>100914</b>	Varnished Handle With Metal Kentucky Fitting	137cm	10
<b>101839</b>	Varnished Wooden Handle Only	137cm	10

## MOPS, HANDLES, BUCKETS & TROLLEYS – HANDLES

### Standard Handle

A handle with an Italian screw thread fitting which is suitable for use with deluxe broom heads and deck scrub. Available in six colours, including white and black, and with a heavier gauge option (102857) in white only.

<b>102855</b>	Standard	120cm	24
<b>102857</b>	Heavy Gauge	120cm	24

### Contract Handle

A good value handle with the T1 screw thread suitable for use with both screw thread and Exel sockets. Fits a wide range of our mop and broom heads. Available with hand grip in four colours.

<b>103133</b>	133cm	10
---------------	-------	----

### Clippex Handle

A versatile handle with interchangeable clips available in four colours and features the T1 screw thread. The handle is available in two lengths. Ideal for keeping stock lines to a minimum.

<b>103141</b>	125cm	20
<b>103138</b>	137cm	20

### Aluminium Handle

A lightweight aluminium handle with drilled end for use with E-clip fitting on the Speedy Break-frame. Colour coded handle grips.

<b>103144</b>	137cm	10
---------------	-------	----

### Composite Handle

A sturdy handle with shaped comfort grip, made from composite material with the T1 screw thread for use with socket mops, washable brushware and plastic mop holders. Colour coded plus white.

<b>103136</b>	137cm	10
---------------	-------	----

### Wall Tidy

High quality wall-mounted rack for space-saving storage of your handles and tools. Push and grip design fits handles from 9-35mm diameter. Available in five colours.

<b>101770</b>	55x6cm	5
---------------	--------	---

## MOPS, HANDLES, BUCKETS & TROLLEYS – HANDLES

### 3-Piece Handle

A versatile 3-Piece cleaning handle that connects to create a 137cm handle and fits a variety of products including T1 screw thread and Exel push-fit socket mops, brooms and squeegees. It's perfect for internet shopping resellers as an easy way to deliver what is usually a bulky item.

<b>103565</b>	3-Piece Handle	137cm	10
<b>104108</b>	Colour Coded Handle End Caps		10

### Ergo-Globe and Telescopic Handle

The ergonomic Ergo-globe and telescopic handle both have a rotating ball on the end to help reduce strain on wrists during high level cleaning. The blue only Ergo-Globe fits the Flexi Cleaning Tool and Cobweb Brush. The colour coded Telescopic handle fits flat mop frames. Both reach from 90-162cm.

<b>103164</b>	Ergo-Globe Handle With Cone Fitting	90-162cm	10
<b>103152</b>	Telescopic Handle With Drilled Fitting	90-162cm	5

### Alloy Telescopic Handle

A lightweight, twist-lock telescopic handle with cone fitting for use with the Robert Scott Cobweb and Pipe brushes, and Flexi tool.

<b>103161</b>	75-135cm	15
---------------	----------	----

### Telescopic Pole

A strong, aluminium telescopic pole with twist-lock for easy access to hard to reach awkward areas without ladders. Available in a range of lengths with secure twist-locking sleeve, and replacement end cones and locking sleeves available. End cone also fits Universal Clamp, Pipe Brush, Flexi Tool and Golden Magnet Duster.

<b>103155</b>	Single Section Pole	125cm	5
<b>103156</b>	Two Section Telescopic Pole	139-252cm	5
<b>103157</b>	Two Section Telescopic Pole	213-401cm	2
<b>103160</b>	Three Section Telescopic Pole	157-400cm	1
<b>103158</b>	Three Section Telescopic Pole	222-573cm	2
<b>103163</b>	Replacement End Cone	8cm	10
<b>103165</b>	Replacement Twist Locking Collar		10

### Kentucky Fitting

Plastic mop holder suitable for use with kentucky mop heads. Available in 5 colours. Also available in metal.

<b>100988</b>	Plastic	5
<b>100911</b>	Metal	5

## One handle fits all with the Robert Scott Hygiene handle

With a universal screw fitting, the Hygiene handle can be used with practically every cleaning tool, including push-fit, collar grip and, of course, screw-fit sockets. This means you can sweep, mop and squeegee without the hassle of stocking different handles for different jobs.

The Hygiene handle can be used with all of these fittings:

## How to fit a Hygiene handle to an Exel® socket mop

The Exel push-fit socket features internal ridges, which are designed to take the thread of the Hygiene handle. This means the Hygiene handle fits both screw and push fittings.

To fit, push the Hygiene handle into the Exel socket and, while applying firm pressure, screw the handle clockwise until tight. The handle will screw its own thread into the socket.

To remove, place the mop head on the floor, preventing it from moving by placing a foot on the yarn, and simply unscrew in an anticlockwise direction.

## 23 Litre Smoothline Bucket & Wringer

A professional and sturdy 23 litre wheeled bucket, designed for strength, easy use and efficient mobility. Ideal for use with Kentucky mops up to 560g (20oz). Made in the UK from hardwearing polypropylene with dirt retaining sump for improved hygiene. Wringer attachments are easy to fit and remove. Available in four colours, with or without wringer. Smoothline buckets feature the warning symbol on one side, and can be printed with your logo or other message on the other side.

### 23 Litre Smoothline Kentucky Bucket & Ambassador Wringer

The Ambassador wringer is made from zinc coated steel, handle operated with nylon pressure bars suitable for use with mops weighing from 340-560g. Available in four colours.

101251	Smoothline Bucket & Ambassador Wringer	●●●●	23l	1
101241	Smoothline Bucket Only	●●●●	23l	1
101370	Ambassador Steel Mop Wringer	●●●●		1
101370	Ambassador Steel Mop Wringer Plain	●		1

### 23 Litre Smoothline Kentucky Bucket & Max450 Wringer

The high performance handle-operated Max450 wringer is designed for easy use and improved effectiveness for faster drying floors. Fits a wide range of buckets, and suitable for use with all sizes of mop up to 450g. Available in the four colours.

101255	Smoothline Bucket & Max450 Wringer	●●●●	23l	1
101241	Smoothline Bucket Only	●●●●	23l	1
101373	Max450 Mop Wringer	●●●●		1

**25 Litre Buffalo Kentucky Bucket & Wringer**

Made from hardwearing polypropylene with dirt retaining sump and unique curved shape to avoid spillage. Sturdy, effective handle-operated wringer suitable for use with Kentucky mops 300-450g. Colour coded.

<b>101253</b>	Buffalo Bucket & Wringer	25l	1
<b>101244</b>	Buffalo Bucket Only	25l	1
<b>101365</b>	Buffalo Wringer Only		2

**20 Litre Speedy Bucket & Wringer**

A lightweight wheeled bucket with removable wringer and divider to separate clean and dirty water. This bucket is designed to be used for damp mopping with microfibre mops. Ideal for quick response cleaning. Printed with 'Caution wet floor' on two sides, and available in four colours.

<b>101248</b>	Bucket & Wringer	20l	1
---------------	------------------	-----	---

**15 Litre Professional Bucket & Wringer**

A sturdy polypropylene bucket with a high profile clip on wringer to reduce spillage. Printed with 'Caution wet floor' on two sides and features internal graduation marks. Available in five colours.

<b>102946</b>	15l	10
---------------	-----	----

**10 Litre Phoenix Bucket & Wringer**

A lightweight bucket with reinforced clip on wringer and overspill drainer on the rim. Integral 30ml detergent reservoir. Underside tip handle and pouring lips on two sides for easier, safer emptying. Colour coded.

<b>102951</b>	10l	10
---------------	-----	----

**14 Litre Great British Bucket & Wringer**

The aptly named 'Great British bucket' comes with a large wringer, graduation marks and, of course, is made in UK. Colour coded.

<b>104025</b>		14l	10
<b>104622</b>	Recycled Black	14l	10

**14 Litre Double Bucket & Wringer**

A two section bucket with eight and six litre compartments and a central wringer, designed to separate clean and dirty water for improved hygiene. Heavy-duty double handle for extra safety when carrying. Available in the four colours.

<b>102950</b>	14l	10
---------------	-----	----

**14L Recycled Great British Bucket & Wringer**

The Recycled Great British bucket is made in the UK from 70% recycled plastic waste. It features a black, solid compact design, wringer with high neck sieve, handle, mop holder and overspill holes. This recycled bucket is only available in black.

<b>104622</b>	14l	10
---------------	-----	----

**14L Recycled Great British Bucket & Coloured Wringer**

The UK made Recycled Great British bucket now with colour coded wringer. The bucket made from 70% recycled plastic waste and a virgin plastic wringer. It features a black, solid compact design, wringer with high neck sieve, handle, mop holder and overspill holes.

<b>104888</b>	14l	10
---------------	-----	----

**10 Litre Homeware Bucket**

A good value basic plastic bucket with easy grip carry handle. Available in five colours.

<b>102834</b>	10l	30
---------------	-----	----

**10 Litre Round Bucket**

A heavy-duty 10 litre bucket with metal handle, pouring spout and graduation marks. Available in red and white.

<b>102953</b>	10l	12
---------------	-----	----

**10 Litre Galvanised Bucket & Roller**

A durable 10 litre bucket made from galvanised steel, with integral roller-operated wringer.

<b>101473</b>	10l	1
---------------	-----	---

**15 Litre Builders Bucket**

A heavy-duty, durable polypropylene bucket with a strong metal handle, integral pouring spout and internal graduation marks.

<b>102955</b>	15l	20
---------------	-----	----

**Muck Bucket**

Heavy-duty round black container with rope handles, made from extra strong plastic. Weather resistant and ideal for use in tougher or outdoor environments. Long lasting and easily cleaned. Available as 39 or 69 litre sizes.

<b>101704</b>	39l	35x35x46cm	10
<b>101703</b>	69l	43x43x56cm	10

**Recycled Flexi Tub**

A 100% recycled, robust and flexible tub that is suitable for both indoor and outdoor use. Featuring two handles and made from durable recycled LDPE, the bucket style tub is easy to store and stackable with others.

<b>104625</b>	Yellow	38L	50x45x38cm	12
<b>104626</b>	Black	38L	50x45x38cm	12

## 7 reasons to implement a rapid response cleaning regime with microfibre

**Rapid response cleaning is critical when it comes to effective floorcare maintenance. Here Pete Jones, regional sales manager at Robert Scott, takes us**

**through his top reasons why businesses should implement a rapid response microfibre cleaning system as part of their maintenance regime.**

### 1. Reduce your risk of slip and trip hazards.

Slips, trips and falls are among the most common causes of accidents in the workplace, and often occur as a result of improper cleaning processes. By developing a rapid response regime with a product such as microfibre, which provides quick-drying results and in most cases requires only water, businesses can significantly reduce the risk of potential wet floor hazards or slippery surfaces. Trolley and caddy systems are an effective way to ensure employees are able to travel to the incident location with the necessary tools without risking their own safety by carrying equipment on their person.

### 2. Save time with a quick-drying system.

In order for rapid response cleaning to be its most effective, it is important to choose the right materials for the job at hand. Microfibre is by far the most effective material for immediate cleaning of busy environments. Microfibre mops and cloths are designed to clean surfaces without the need for chemicals which means that cleaners can improve sustainability and dramatically reduce costs, while eliminating the need for harsh chemicals and excessive amounts of water. A damp microfibre mop dries surfaces in approximately two minutes, whereas a traditional cotton mop takes upwards of 10 minutes.

### 3. Minimising disruption.

As part of a rapid response regime, staff need to consider how they can minimise disruption to public areas as these are the most common locations for slip and trip hazards. It is worth considering how you will cordon the area – high visibility signage, cones or tape – and how long the signs are required to stay in position. By using suitable products, such as quick-drying microfibre, you're able to clean the affected area quickly causing a minimal amount of disruption. The fuss-free nature of microfibre also means janitorial staff are able to respond quickly as less preparation is required, so any affected areas can be cleaned in a matter of moments.

### 4. Reducing bi-product waste.

Another benefit of using microfibre as a rapid response material is its ability to significantly reduce waste. Microfibre mops and cloths can be washed and reused time and time again, minimising the need for volume of stock. As discussed, microfibre also requires very little water and can be used without chemical cleaning agents (unless specifically required),

making it a more sustainable and environmentally-friendly cleaning method. Microfibre has been proven to remove over 99.9% of dirt and bacteria, while traditional systems often only remove 60%. Microfibre also removes dust completely leaving no cleaning films behind and therefore surfaces stay cleaner for longer.

### 5. A system that suits you – disposable vs. non-disposable.

The nature of the location will determine whether a disposable or non-disposable cleaning system is required. For example, if a school has access to a washing machine they would be able to use a non-disposable system to wash mops and reduce the need for surplus stock. Comparatively, a hospital will need to use a disposable system in certain areas to reduce cross-contamination risk.

### 6. An effective method for daytime cleaning.

Any rapid response regime must be effective for use during the daytime as this is when accidents are most likely to occur during times of higher footfall, and where a microfibre mop and cloth system can deliver further benefits as it enables cleaning without the need for noisy machinery such as vacuums and polishers. Businesses where excess surface water is a potential hazard, such as restaurants and cafes, could also benefit hugely from implementing a microfibre rapid response regime as certain products can be used to clean and dry instantly.

### 7. Health and wellbeing for the whole team.

By implementing microfibre products to a rapid response protocol there are numerous benefits for the health and wellbeing of your staff. The lightweight nature of the material, and the modern design of most microfibre mops, significantly contribute to reducing the risk of strains or injuries from heavy lifting, and by using a trolley or caddy system you ensure that staff are able to respond quickly and safely to affected areas with the necessary equipment.

As well as this, reducing or eliminating the need for cleaning chemicals and hazardous substances by using microfibre, dramatically reducing the risk of skin irritations or more long-term health implications that can be caused by use of these products.

### Which products to choose for rapid-response cleaning?

Microspeedy Mop System

Pro-mist Mop System

Rokleen Trolley Maxi

## Pro-mist Mop System

**An innovative microfibre flat mop kit, which combines the new ergonomic Pro-mist spray handle and microfibre pads for effective, rapid response floor cleaning without the need for buckets or constant wringing out.**

The Pro-mist features a removable bottle and spray trigger, and delivers a fine mist of solution directly to the cleaning surface, helping you to clean and dry floors quickly. The mop's break-frame also has a built-in release system to avoid user contact with the soiled mop. The Nano-Ag mop is also available as a scrub mop.

It is available in two kits: with an antibacterial Nano-Ag silver microfibre mop to prevent bacterial growth; or a 10pk of disposable Microfibre Mi-mops which are ideal for hygiene-critical areas such as restaurants where there is no access to laundry facilities.

This kit can also be used with our range of microfibre flat mops featured on page 67.

NEW

Nano-Ag Microfibre Flat Mop

Mi-mop Disposable Flat Mop

## Microtex® Mop System

A bucket-free microfibre mopping system ideal for use on wood or non-slip floors, without the need for a bucket or chemicals.

Spray bottle delivers water direct to cleaning area, and the multi-angled holder enables easy access to hard to reach areas. Designed for use with the Microtex flat mop, Microtex scrub flat mop, or fastnet floor pad. Mops are washable and flagged in four colours.

## Microspeedy Mop System

The Microspeedy kit is a professional quality, complete flat mopping system which enables easier, faster and more effective cleaning, especially in high traffic environments where surfaces need to be cleaned and dried quickly.

It is designed to be used with our highly effective and easily fitted 40cm microfibre flat mops, which use the minimum amount of water for fast drying, and do not need chemicals to give excellent cleaning results.

The break-frame ensures easy fitting and removal of mop heads which are flagged with four colours. The kit comes complete with the 125cm colour coded Hygiene handle and the wheeled 20L Speedy mop bucket, a combination bucket and wringer with a built-in water divider for better hygiene.

## Easy Wash Flat Mop Kit

Easy Wash is a compact touch-free flat mop system designed to make floor cleaning quick and easy. It includes a touch-free mop holder, microfibre mop and 15 litre bucket with wringer. The striped, abrasive microfibre mop has a high capillary absorbency which ensures great floor coverage and effectiveness in removing dirt.

## Make daylight savings work by switching to a daytime cleaning regime

**Regional sales manager at Robert Scott, Tom Capper, considers how using a microfibre system could help your business make the switch to a daytime cleaning routine.**

One of the many challenges service contractors and cleaners face with a daytime cleaning regime is how to minimise disruption to the working day of employees and customers, while ensuring that cleaning performance and productivity is maintained without compromising the safety and wellbeing of occupants and staff.

For most businesses the main task is to clean floors and hard surfaces and, in busy environments such as retail outlets, healthcare facilities and restaurants, ensure that any spillages or dirt caused by heavy footfall can be quickly and effectively cleared without closing sections of the building or business.

**“Businesses where excess surface water is a potential hazard could benefit hugely from implementing a daytime cleaning regime.”**

This is where the benefits of microfibre mopping systems and cloths come into their own. As one of the first companies to introduce microfibre products to the UK's janitorial sector over 20 years ago, we have long been an admirer of microfibre's capabilities. We are encouraged by the increased use of these products to help companies adhere to the demands of sustainability and the environmental concerns associated with our industry.

Microfibre mops and cloths clean surfaces without the use of chemicals, meaning cleaners can use more environmentally-friendly methods, dramatically reduce costs and, in a daytime cleaning context, eliminate the need for chemicals and large quantities of water in busy environments.

Daytime cleaning requires both a planned maintenance programme and protocol for environments where a rapid cleaning response is required for heavily trafficked areas. By using microfibre mopping systems such as the Microspeedy or Pro-mist Systems designed specifically for rapid response cleaning, businesses can ensure that floors are kept clean, dry and safe, while equipping cleaners with the tools to react quickly with the minimum amount of disruption, creating a more positive experience for staff.

When it comes to daytime cleaning, the most significant benefit is that microfibre enables cleaning without the need for noisy machinery such as vacuums and polishers. Microfibre mops and cloths can be washed and re-used many times over and, as they do not require the use of chemical cleaning agents, they are much safer to use and have been proven to remove over 99.9% of dirt and bacteria while traditional systems often only remove 60%.

Businesses where excess surface water is a potential hazard could benefit hugely from implementing a daytime cleaning regime using microfibre. Hard surfaces that are cleaned with a damp microfibre mop pad dry in approximately two minutes, whereas a traditional cotton mop could take upwards of 10 minutes.

Microfibre is both quiet and unobtrusive, making it an ideal product for daytime cleaning as it allows businesses to operate a strategic cleaning programme without any major disruption. The requirement for less water use with microfibre helps to significantly reduce slip-hazard areas for staff and customers, and also greatly reduces the amount of time flooring needs to be out of use for cleaning, which is imperative during the daytime.

For more information on microfibre cleaning systems, or advice on adopting a daytime cleaning regime, please call **01457 819400**, email [info@robert-scott.co.uk](mailto:info@robert-scott.co.uk), or visit [robert-scott.co.uk](http://robert-scott.co.uk)

### Large Housekeeping Trolley

A commercial grade housekeeping trolley featuring a large storage cabinet with adjustable shelf and lockable doors to secure supplies when unattended. It also features ergonomic handles, under cabinet storage, vacuum holder, hooded top for easy access and equipment slots.

<b>104807</b>	Trolley	51kg	56x152x127cm	1
<b>104808</b>	Vinyl Bag	90L	42x84cm	1

### Small Housekeeping Cart

The Housekeeping cart is a small service cart designed to make cleaning operations and room service in hotel, bed and breakfasts and holiday resorts easier, faster and more discrete. It's also recommended for areas where there are steps and uneven surfaces.

<b>104688</b>	108x48x67cm	1
---------------	-------------	---

### Vilcart All-terrain Trolley

The Vilcart trolley is designed for outdoor use with rugged back wheels and a waterproof cover to protect its contents from getting wet. Perfect for when cleaning staff need to move their equipment outdoors between lodgings over all types of terrain such as grass, gravel and paving stones.

<b>104350</b>	66x85x110cm	1
---------------	-------------	---

### Jolly Trolley

A compact cart made from hardwearing plastic, designed for use in confined areas. It has three levels of shelving for storage and transport of cleaning items, and a built-in hanger for waste bags. Comes complete with a 60 litre vinyl bag. Lockable box to store chemicals safely is sold separately.

101272	Jolly Trolley	49x113x98cm	1
101274	Jolly Trolley Vinyl Bag	60l	1
101273	Jolly Trolley Front Wheel	10x10cm	1
101275	Jolly Trolley Rear Wheel	20x20cm	1
104384	Jolly Trolley Lockable Box	28x36x34cm	1

### Port-A-Cart Cleaner's Trolley

Multipurpose cleaning trolley made from tubular steel, with three storage areas for cleaning items and built-in hanger for waste bags. Comes complete with 100l vinyl waste bag and braked castors on the back wheels.

101287	Port-A-Cart Trolley & Vinyl Bag	46x92x104cm	1
101286	Port-A-Cart Vinyl Waste Bag	100l	1
101288	Castors	8cm	1
104200	Braked Castors	8cm	1

### Folding Waste Cart & Blue Vinyl Bag

A sturdy cart made from durable tubular steel, which holds open a waste bag for collecting rubbish. Includes a support tray for heavier items. Folds away for easy storage.

101268	Folding Waste Cart & Vinyl Bag	57x71x91cm	1
101264	Blue Vinyl Bag	205l	1
101266	Folding Waste Cart & Translucent Vinyl Bag	58x91x66cm	1
101265	Translucent Vinyl Bag	205l	1
101288	Castors	8cm	1
101285	10 Pocket Caddy Bag	49x61cm	1

### Multipurpose Cart

Versatile multipurpose cart made from tubular steel with heavy-duty vinyl bag, ideal for collecting and transporting bulky items in retail, hospital or hotel environments, or collecting waste. Built-in support tray for heavier items. Folds away for easy storage when not in use.

101283	Multipurpose Service Cart & Translucent Bag	62x102x94cm	1
101282	Translucent Bag	66x91x99cm	1
103999	Castors	8cm	1

## Rokleen Microfibre Trolleys

Rokleen is a versatile and compact trolley system for pre-soaked microfibre cleaning. The system uses the minimum of water to soak up to 20 mops in sealed containers.

This is a more environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, as the flat mops are used damp, there's no need for wringing out so floors dry faster than traditional mopping, resulting in a much safer task.

### Rokleen Midi Pre-soaked Mopping Trolley

The Rokleen Midi is made from heavy-duty, shock-resistant plastic, designed for stability, easy manoeuvring and storage. It includes red and blue 4 litre container and lids, a 20 litre container and hermetically sealed lid for pre-soaked mops and cloths, red and blue 60 litre waterproof bags for laundry nets, and three anti-slip rubber handle holders. Laundry nets are also available (sold separately).

101321	Rokleen Midi Trolley	60x112x99cm	1
101293	Container & Lid	4l	1
101294	Top Down Container & Lid	10l	1
101292	Plastified Bag	60l	1
101310	Drawstring Laundry Nets	80l	1

### Rokleen Maxi Pre-soaked Mopping Trolley

The Rokleen Maxi is for cleaning larger floor areas with pre-soaked microfibre. It includes red and blue 12 litre containers and lids, a 20 litre bucket and hermetically sealed lid for flat mops, red and blue 60 litre waterproof bags for laundry nets, and three anti-slip rubber handle holders. Laundry nets are also available (sold separately).

101317	Rokleen Maxi Trolley	60x116x126cm	1
101295	Container & Lid	12l	1
101294	Top Down Container & Lid	10l	1
101292	Plastified Bag	60l	1
101310	Drawstring Laundry Nets	80l	1

## Lockable Alpha Trolley

The Alpha Trolley is ideal for larger working environments and lets you easily take all of your equipment with you. It is made from heavy-duty shock resistant plastic, with a lockable cupboard for secure storage. When not in use, the trolley can be folded into a compact size for easy storage.

This is an environmentally-friendly cleaning method as it significantly reduces the use of cleaning chemicals and water. And, because the flat mops are used damp, there's no need for wringing out and floors dry faster than traditional mopping resulting in a much safer task.

The trolley includes two 10 litre containers and lids, and two 12 litre lidded containers for pre-soaked mops and cloths, two red and blue wash net carriers, three anti-slip rubber handle grips. Buckets are available in four colours. Laundry nets are also available (sold separately).

101228	Lockable Alpha Trolley Complete		60x107x97cm	1
101294	Top Down Container & Lid		10l	1
101295	Container & Lid		12l	1
101292	Plastified Bag For Trolley		60l	1
101310	Drawstring Laundry Nets		80l	1

Lockable storage cupboard with x2 shelves and tray

Folds to a compact size of 80cm wide for easy storage

The Quick response trolley range is a sturdy piece of kit that is easy to manoeuvre and small enough to store in most cleaning cupboards. It is available in a range of traditional socket, Kentucky, flat and pre-soaked mopping systems.

The trolley features a fixed caddy at the rear for cleaning equipment, and has room for two 4 litre containers (sold separately)

### Quick Response Trolley for Socket Mopping

Designed for the socket mopping of smaller floor areas. The trolley includes a colour coded 15 litre bucket and wringer, a roller clip to hold a mop, two bucket holders, two hooks to hold equipment, a handle holder, a rear holder for refuse sacks, and a shelf at the back to hold equipment. Buckets and containers are colour coded.

101355	Quick Response Trolley (Socket Mopping)		38x73x105cm	1
102946	Professional Bucket & Wringer		15l	10
101293	Container & Lid		4l	1

### Quick Response Trolley for Flat Mopping

Designed for damp microfibre flat mopping using the Speedy system, a faster and more effective way to clean with the minimum of water and chemicals, especially in high traffic environments where surfaces need to be cleaned and dried quickly. The trolley includes a 25 litre Kentucky bucket and a wringer suitable for flat mops, two bucket holders, two hooks to hold equipment, a handle holder, and a rear holder for refuse sacks. Buckets and containers are colour coded.

101352	Quick Response Trolley (Flat Mopping)		38x73x105cm	1
101242	Kentucky Bucket		25l	1
101363	Speedy Wringer			1
101293	Container & Lid		4l	1

**Quick Response Trolley for Kentucky Mopping**

Designed for mopping larger areas and heavy duty, hard wearing floors with Kentucky mops. The trolley includes a 25 litre Kentucky bucket and Max450 Kentucky wringer, two holders, two hooks to hold equipment, a handle holder, and a rear holder for refuse sacks. Buckets and containers are colour coded.

<b>101347</b>	Quick Response Trolley (Kentucky Mopping)		38x73x105cm	1
<b>101242</b>	Kentucky Bucket		25l	1
<b>101373</b>	Max450 Mop Wringer			1
<b>101293</b>	Container & Lid		4l	1

**Quick Response Trolley for Pre-soaked Mopping**

Designed for use with pre-soaked mopping, and is ideal for effective cleaning at sites with the minimum of water and chemicals. The trolley includes a 10 litre Top Down bucket with hermetically sealed lid, two hooks to hold equipment, a handle holder, and a rear holder for refuse sacks. Buckets and containers are colour coded.

<b>101350</b>	Quick Response Trolley (Pre-soaked mopping)		38x73x105cm	1
<b>101294</b>	Top Down Container & Lid		10l	1
<b>101293</b>	Container & Lid		4l	1

**Baggy Sweeping Set**

Versatile lightweight sweeping set with jointed rubber blade, open ended pan and integral bag holder to remove and hygienically collect dirt at the same time.

<b>104490</b>	29x98cm	1
<b>102935</b>	29x98cm	6

**Flexi Cleaning Tool**

A handheld tool which bends into shape to clean the trickiest places. The microfibre sleeve attracts and holds dust, and can be used dry for dusting or damp for tougher cleaning tasks. Chenille microfibre and disposable sleeves are also available. Can be used with cone fitting telescopic handles.

<b>103368</b>	Cleaning Tool	72x6cm	5
<b>100684</b>	Microfibre Sleeve	52x7cm	2x10pk
<b>104285</b>	Chenille Microfibre Sleeve	52x7cm	2x10pk
<b>104181</b>	Disposable Microfibre Sleeve	60x7cm	20x12pk
<b>103164</b>	Ergo-Globe Handle With Cone Fitting	90-162cm	10

**10 Litre Top Down Container & Lid**

A hermetically sealed container used for pre-soaking mops. The tight seal prevents mops from drying out. An accessory for all pre-soaked trollies.

<b>101294</b>	10l	1
---------------	-----	---

**4, 6 & 12 Litre Container & Lid**

A useful container and lid with graduation marks. Available in three sizes and colour coded.

<b>101293</b>	Container & Lid	4l	1
<b>101223</b>	Container	6l	1
<b>101224</b>	Lid for 6l Container	10	
<b>101295</b>	Container & Lid	12l	1

**Cleaners Caddy**

An everyday essential carrier with strong grip handle and convenient multi-section compartments for tools, bottles and cloths.

<b>101682</b>	Cleaners Caddy		30x40x17cm	25
<b>101684</b>	Tote Standard		27x38x17cm	6
<b>101683</b>	Tote Large		35x48x23cm	6

**Measuring Jug**

A 1.5 litre preparation jug with graduation marks to indicate how much solution to pour for pre-soaked microfibre cloths and mops.

<b>101525</b>	1.5l	1
---------------	------	---

**Plastified Trolley Bag**

Water repellent trolley bag designed for use with laundry nets and carrying dirty mops and cloths.

<b>101292</b>	60l	1
---------------	-----	---

**Drawstring Laundry Net**

Colour coded laundry nets for mops and cloths. Includes labels for returns.

<b>101310</b>	62x83cm	80l approx	1
---------------	---------	------------	---

## MOPS, HANDLES, BUCKETS & TROLLEYS – FLAT MOPS

### Nano-Ag Antibacterial Microfibre Flat Mop

An microfibre flat mop with the antibacterial properties of silver nano technology which prevents bacterial growth on the mop, reducing the reliance on cleaning chemicals. Also available as scrub mop.

**104303** Flat Mop 43x14cm 5  
**103274** Scrub Mop Flagged 43x14cm 10

### Long Pile Microfibre Flat Mop

A microfibre flat mop which features a longer pile for better dirt and liquid retention. Ideal for pre-soaked cleaning systems, reduces the need for pre-sweeping and is used in larger floor areas such as corridors, canteens and departments.

**101184** 40x15cm 25

### Short Pile Microfibre Flat Mop

A short pile microfibre flat mop for use on all types of hard floors. It is ideal for pre-soaked cleaning systems, mopping small to medium sized areas, and especially for medical environments due to its close floor contact.

**100641** Short Pile 43x15cm 10

### Trio Microfibre Flat Mop

A tougher microfibre flat mop which features three abrasive stripes for cleaning tougher marks along with looped edging for corners. It is washable with colour coded tabs. The mop can be used for both bucket and spray mopping.

**100666** 41x12cm 10

### Microfringe Microfibre Flat Mop

A versatile flat mop for heavily soiled areas, the Microfringe features a checked microfibre and scrub pattern plus a fringe for removing loose dirt. The mop is washable with colour coded tabs.

**104341** 43x13cm 10

### Speedy Microfibre Flat Mops

A microfibre flat mop and scrub mop designed to be used damp with the Microspeedy Mop System for the effective cleaning of large hard floor areas. It is washable, can be used for both bucket and spray mopping, and features colour coded tabs. Scrub mop is ideal for safety floors.

**100662** Speedy Flat Mop 45x16cm 10  
**100655** Scrub Flat Mop 43x13cm 10

### Mi-mop Microfibre Flat Mop

A disposable microfibre flat mop, ideal for rapid response cleaning in hygiene-critical areas such as hospitals or restaurants where there is no access to laundry facilities. It is low linting, lightweight, stays strong when damp, and is available in five colours.

**104327** 41x13cm 50

### Uniko Break-Frame

Plastic flat mop frame designed for use with flat mops which have pocket fittings. Built-in mop release system to avoid user contact with soiled mop when changing heads.

**103373** 40x11cm 5

### Ergo-Globe and Telescopic Handle

Blue only Ergo-Globe handle with push fitting for use with Flexi or Cobweb Brush. Colour coded Telescopic handle with drilled fitting for use with flat mop frames.

**103164** Ergo-Globe Handle 10  
**103152** Telescopic Handle 5

## MOPS, HANDLES, BUCKETS & TROLLEYS – TROLLEY & MICROFIBRE CLEANING

# Creating a healthier hospital environment with Robert Scott's Alpha trolley and microfibre cleaning system

**Kelly Brierley, key account manager at Robert Scott, talks about the correct use of trolley and short-pile microfibre systems for ward cleaning delivered as part of a training video filmed to help educate hospital cleaners.**

When it comes to trolley cleaning in hospitals, the same rules apply with any traditional vs. microfibre cleaning system in terms of using less water and chemical cleaning solutions. At Robert Scott, we've used our cleaning know-how to develop the Alpha Trolley – a smart, portable solution to be used with microfibre products to minimise risk of cross-contamination and provide a more efficient method of cleaning for end users.

With any trolley system, preparation is key. It's important to ensure your microfibre cloths are folded and stored in rows to allow for even distribution of the chosen chemical cleaning agent, which should be applied a minimum of five minutes before you begin cleaning. In comparison to traditional cleaning cloths, microfibre must be used flat against the surface to ensure an effective lift and remove process due to the static tension that's created by its ultra-fine fibres.

At Robert Scott we would always recommend that one cloth is used per bed space in hospitals. Folding the cloths before use provides users with eight clean sections to use on each cloth, so the risk of moving any bacteria from for example, the bedside table to the headboard, is greatly reduced. After use, the cloths can be deposited directly into the colour-coded laundry bag attached to the trolley with individual bags provided for cloths and mops as they should always be laundered separately.

The same methodology applies to the mop heads; the Alpha trolley has a compartment for storing the mops in rows so the cleaning agent can be applied directly and each mop can be detached into the corresponding laundry bag after use. We would advise using one mop per two beds in hospitals and up to where any area ends, for example a door frame or the end of a corridor.

One of the substantial benefits of microfibre cleaning systems is that the mops and cloths can be washed and re-used many times over. Independent tests commissioned by Robert Scott shows that our microfibre range has been proven to remove over 99.9% of dirt and bacteria while traditional systems often only remove 60%.

Microfibre also removes dust completely leaving no cleaning films behind and therefore ensuring surfaces stay cleaner for longer. And finally, with hospital cleaning in mind, microfibre enables cleaning with a reduced need for noisy machinery such as vacuums and polishers.

As a company with over 90 years' cleaning know-how we're confident that cleaning with excessive amounts of water and chemical solutions belongs in the past. By introducing a microfibre cleaning regime to your healthcare facility, and ensuring users are trained correctly in its processes, we can guarantee not only a reduction in cross-contamination risk but also a reduction in excess water and cleaning solution usage, which will provide added benefit to the facility from an environmental impact standpoint.

For more information on Robert Scott's microfibre cleaning systems, or to request a cleaning audit, please call on **01457 819400**, email [info@robert-scott.co.uk](mailto:info@robert-scott.co.uk) or visit [robert-scott.co.uk](http://robert-scott.co.uk).

**"Independent tests commissioned by Robert Scott shows that our microfibre range has been proven to remove over 99.9% of dirt and bacteria while traditional systems often only remove 60%."**

# Rental Linens

## RENTAL LINENS – GLASS CLOTHS

### Centre Stripe Glass Cloth

Good quality low linting glass cloth. Available in five colours.

102788 ●●● 50x76cm 250

103941 ●● 50x76cm 250

### Blue/White Glass Cloth

Hard-wearing all-purpose cloth, suitable for glass or general wiping and drying. Two stripe options available.

103939 Glass Cloth Blue/White 50x76cm 250  
Wide Stripe

103895 Glass Cloth Blue/White 50x76cm 250

## RENTAL LINENS – KITCHEN LINENS

### Herringbone Kitchen Cloth

A heavy-duty all-purpose cloth suitable for a wide range of kitchen uses.

**103942** ● 50x76cm 250

**103904** ● 50x76cm 250

### Blue/Blue Kitchen Cloth

A versatile, good quality cloth suitable for general kitchen use or as a glass cloth.

**103891** 50x76cm 250

### Terry Waffle Cloth Blue Stripe

A durable high quality, highly absorbent terry cloth, suitable for general purpose drying and wiping.

**103873** 45x71cm 250

## RENTAL LINENS – OVEN & WAITERS CLOTHS

### Herringbone Oven Cloth

A heavy-duty cloth giving excellent protection when handling hot kitchen items. Available in heavy and standard weights.

**103854** Blue Stripe 50x76cm 125

**100789** Pink Stripe 46x72cm 250  
Antibacterial

**104442** Standard 50x76cm 250

### Check Waiters Cloth

A universally popular white waiters cloth with two blue stripes, ideal for use in front of house.

**103901** 45x71cm 250

### White Honeycomb Waiters Cloth

A professional quality towel, traditionally carried by waiters and used to wipe glassware or cutlery.

**102765** 50x76cm 10x10pk

## Rental linens

Access a range of premium kitchen linens and laundry products traditionally supplied to the professional textile rental sector. This durable range includes grill cloths, waiters cloths, serviettes and glass cloths. All now supplied by Robert Scott, the leading supplier of professional cleaning products.

## RENTAL LINENS – GRILL CLOTHS & NAPKINS

## No more toxic cleaning chemicals and single use plastic bottles

**Robert Scott's Toucan Eco bio-cleaning system is a revolutionary way to produce a multipurpose disinfectant cleaner on-site, which replaces 80% of chemical cleaners and puts an end to the single use plastic bottles they are supplied in.**

The system requires only two ingredients – table salt and tap water – which are electrochemically activated by applying a small electrical current using a specialised electrolysis cell. This produces hypochlorous acid, a powerful disinfectant, along with a very low concentration of sodium hypochlorite which, when combined with a pH of around 7.8 to 8.5, acts as a mild cleaning agent.

The solution is 99.999% effective against bacteria with a very fast contact time and virtually no regrowth. And, as the cleaning disinfectant is non-toxic and non-hazardous, it's a safe and effective way to clean, offering a truly viable option for sustainable cleaning, and a less harmful product for end users.

It's great for busy environments which demand a quick, effective cleaning regime and saves money on chemical products. Toucan Eco is available in a range of unit sizes to suit small, medium or large facilities and can be tailored to the specific requirements of any site.

### Toucan Eco III

Toucan Eco III is designed for cleaning in the home and smaller workplaces. It makes one litre of eco-friendly antibacterial multi-surface cleaner in around five minutes. The kit includes the 1l activation unit, measuring spoon, mixing rod, spray bottle and some salt to get you started.

<b>104004</b>	1l	1
---------------	----	---

### Toucan Eco eSpray

Lets you make a powerful, safe and eco-friendly disinfectant cleaner from just water, ordinary salt and electricity that kills more than 99.99% of germs, including the coronavirus.

<b>104744</b>	350ml	1
---------------	-------	---

### Toucan Eco Active

Suitable for small to medium-sized facilities, and produces 10 litres of solution in around 15 minutes. The system includes a generator, 10 litre tank, brine salt dispenser, discharge tap and shelf.

<b>104540</b>	10l	1
---------------	-----	---

### Toucan Eco Active Plus

Suitable for medium sized facilities and produces 20 litres of antibacterial cleaner, which can be poured into bottles or buckets using either of the dilution dispensers.

<b>104541</b>	20l	1
---------------	-----	---

### Toucan Eco Flow

Suitable for medium to large facilities, and produces a constant flow of disinfectant and cleaning solution. The system includes a touch screen unit, 10 litre tank, brine container, high volume discharge nozzle for buckets and low volume nozzle for bottles. Fixings for salt dispenser, discharge tap and shelf control panel and shelf are included.

<b>104292</b>	400l	1

## UWC Atlantic adopts sustainable cleaning regime with Toucan Eco

**UWC Atlantic is the founding and flagship College in the UWC movement, located in 12th Century St Donat's Castle in South Wales. Championing the UWC mission 'to make education a force to unite people, nations and cultures for peace and a sustainable future', sustainability has always been part of the College's DNA.**

In addition, one of the core UWC values 'respect for the environment' has been a key driver in exploring a chemical-free cleaning regime. It hasn't just been about improving the College's green credentials, more about showcasing what a real commitment to sustainability looks like in the day-to-day life of the College.

In May 2019, UWC Atlantic took the decision to transform its cleaning regime by installing a completely chemical-free system across the 122-acre campus – Robert Scott's Toucan Eco bio-cleaning range. The installation means the College can make a sustainable, effective and non-chemical disinfectant cleaner on-site, which removes the need for 80% of chemicals, while significantly reducing single-use plastic waste and costs.

Alan Fleming, director of facilities and operations for UWC Atlantic, explained: "The College takes a challenging and interactive approach to learning that inspires and equips students to work towards a more sustainable future."

**"Not only have we drastically cut the use of harmful chemical cleaning agents, we're also making considerable reductions on single-use plastic waste and the unnecessary transportation of cleaning fluids."**

"Learning revolves around increasing students' understanding of global challenges – environmental issues are high on the agenda – and developing a vision of how we can adopt alternative approaches to living. As well as introducing a student Sustainability Council, we have also implemented ways to offset our carbon footprint, reduce water consumption and transition to using more green energy."

"As part of this strategy we've been exploring chemical-free cleaning for some time and hadn't found a solution that met the specific needs of the UWC Atlantic campus. Jonathan Thiel, the College's on-site manager from Compass Group, made a recommendation that we consider Robert Scott's innovative

new bio-cleaning system – Toucan Eco – and so we invited the team to campus for a demonstration of the technology."

Steve Courtney, Toucan Eco product specialist at Robert Scott, continued: "While the multi-surface disinfectant and cleaner kills up to 99.999% of bacteria and is certified as a general disinfectant – it's also non-toxic, non-hazardous and non-allergenic, so it is safe for staff to use on a daily basis. This also appealed to the management team as it meant students can use the solution to spray, wipe or mop their dormitory areas, helping to prepare them for the next stage of independence at university and beyond."

After an extremely positive trial period, UWC Atlantic proceeded with the installation of 13 Toucan Eco Active units, each with a 10-litre capacity, installed across the College's residential quarters, study rooms, sports facilities and other areas of public footfall.

Jonathan Thiel, Compass Group's general manager at UWC Atlantic added: "For the team, Toucan Eco was the next logical step in order to reduce our environmental impact. Not only have we drastically cut the use of harmful chemical cleaning agents, we're also making considerable reductions on single-use plastic waste and the unnecessary transportation of cleaning fluids. Early feedback from staff has been very positive in terms of both the cleaning results the product delivers and also the fact that it's completely safe and harmless for the user – in this instance both the cleaners and students."

### How does the Toucan Eco system work?

Toucan Eco requires only tap water, salt and a low voltage electrical current to produce limitless disinfecting and cleaning solution through a process called electrochemical activation.

The technology first appeared as a chemical-free disinfectant in industrial applications in the 1970s. With developments in technology, new smaller and more portable devices have been designed that allow the solution to be made on demand and on-site. It's now being used by the cleaning industry in a growing number of applications as the eco-friendly way to clean without the use of chemicals or excess plastic waste.

For more information, please visit [robert-scott.co.uk](http://robert-scott.co.uk) or contact Steve Courtney on [stevec@robert-scott.co.uk](mailto:stevec@robert-scott.co.uk) to arrange a demo.

### Bottle & Spray Trigger Head

A choice of spray bottles with graduation marks for the accurate dilution of fluids, along with a range of colour coded trigger heads. The bottles are available in 750ml and ergonomic 600ml designs, while the trigger heads are available in seven colours including white, and green/yellow.

<b>101982</b>	975 Bottle & Spray Trigger Head	750ml	80

**101492** 88cm 5

### Extra Sure Mechanical Gripper Litter Picker

A high quality litter picker with shaped, claws to securely grab and hold tricky or hazardous items like glass and needles, as well as general waste. Easy one-handed operation, sturdy aluminium shaft and impact resistant head and grip. Also available with extra-long handle.

**101482** 100cm 2

**101484** 200cm 1

### Jaw Nipper Litter Picker

A uniquely designed picker with a 360 degree swivel head, and three claws with suckered ends to easily grab and hold larger objects. It has an ergonomically designed trigger hand grip, and open and close locking system.

**101496** 95cm 5

### Contract Litter Picker

Good value basic litter picker with ergonomically designed squeeze-action hand grip. Shaped claws for non-slip grabbing of litter.

**101491** 85cm 20

### Household Shovel

A handy steel shovel that can be used for all purposes.

**101528** 46x23cm 10

### Handihoop Bag Opener

A lightweight and sturdy hoop to hold a refuse sack securely open, making litter picking faster and easier. Features an ergonomically designed hand grip for comfortable use and fits any standard bin bag.

**104283** 40x40x5cm 1

# Window Cleaning

## WINDOW CLEANING – CLEANO RANGE

### Cleano Range

**Save time and safely clean smooth indoor surfaces and windows without the need for buckets and ladders.**

Cleano is an innovative telescopic tool, which has been designed to enable easier, faster and safer cleaning of larger and hard to reach window and flat surfaces. It comes in a range of sizes up to 6m to reach even the highest levels, without the need for buckets and ladders, and uses microfibre cleaning pads to give hygienically clean, smear-free results without the need for chemicals.

It has a built-in hand operated pump system which is completely mechanical, no need for batteries or potentially dangerous trailing wires. This delivers a fine mist directly onto the cleaning surface, minimising water use, and the removable microfibre pad efficiently attracts and holds dirt particles for a fast, thorough clean. The angled, swivel mop head allows easy access to even the trickiest corners.

The Cleano Kit includes your choice of handle plus one microfibre glass pad for the 1m option and three pads for the 1.4, 3 and 6m models. The Cleano Bambino includes a spot and glass microfibre pad.

101554	Bambino Cleano Kit. x1 Bambino, x1 Glass Pad, x1 Spot Pad	23x11x49cm	1

## Unihandle Window Squeegee & Washer 35cm

The Unihandle allows you to quickly wash and wipe windows and surfaces without changing tools by combining a microfibre pad with abrasive square and squeegee in one, along with a unique swivel system. With a simple add-on blade, it also becomes an effective scraper.

The swivel system works in 2D with a smooth rotating movement (+/-150° or +/-180°), while also allowing the user to choose seven different angles to reach even the most difficult spots.

Compatible with majority of squeegee channels, the Unihandle also fits most telescopic poles with easy coupling/uncoupling and safety hole.

**104865** 4.5x38x15.5cm 1

### Technolite T-Bar Window Washer

An ergonomically designed plastic window washer with an adjustable non-slip rubber grip for better user comfort, for use with window wash sleeves. Head has a cross hatch structure which helps hold in water for quicker cleaning without repeated dunking. Available in three head widths for easy washing of all window sizes. To be used with our wash sleeves (sold separately).

- 101666** 25cm 10
- 101667** 35cm 10
- 101668** 45cm 10

### T-Bar Applicator Handle

Lightweight plastic handle for use with window wash sleeves, with cross hatch head structure to help hold water and apply the right amount to the surface. Available in four head widths for easy washing of all window sizes. To be used with our wash sleeves (sold separately).

- 101660** 20cm 10
- 101661** 25cm 10
- 101662** 35cm 10
- 101663** 45cm 10
- 104190** 55cm 10

### Microtiger Window Wash Sleeve

Super absorbent microfibre sleeve with red scrub-stripes to tackle tougher window cleaning tasks. Sleeve can hold up to eight times its weight in moisture and dirt for excellent cleaning results. Available in three widths for use with T-bar applicator handles.

- 101543** 25cm 10
- 101544** 35cm 10
- 101545** 45cm 10

### Microfibre Window Wash Sleeve

Super absorbent microfibre sleeve which holds up to eight times its weight in moisture and dirt for excellent cleaning results. Available in three widths for use with T-bar applicator handles.

- 101540** 25cm 10
- 101541** 35cm 10
- 101542** 45cm 10

### Scrub Window Wash Sleeve

Low-lint synthetic wash sleeves with a blue scrubbing strip to tackle tougher window cleaning tasks. Available in two widths for use with T-bar applicator handles.

- 101546** 35cm 10
- 101547** 45cm 10

### Standard Window Wash Sleeve

Low-lint synthetic wash sleeves for efficient everyday window cleaning. Available in five widths for use with T-bar applicator handles.

- 101548** 20cm 10
- 101549** 25cm 10
- 101550** 35cm 10
- 101551** 45cm 10
- 101552** 55cm 10

## WINDOW CLEANING – WINDOW SQUEEGEES

### Window Squeegee

A basic traditional squeegee with plastic handle, suitable for general window cleaning tasks.

**101537** 30cm 24

### Window Sponge Squeegee

A dual-purpose window cleaning tool with a sponge side for washing and a squeegee for finishing. Comes with a short handle for quicker cleaning of large areas. Also fits the standard handle (102855).

**101670** 21x59x65cm 24

### Ambi Hi-rise Window Cleaning Tool

Ambi is a two in one window cleaning tool that combines a washer and squeegee for the easy washing and drying of windows to a streak free shine. The washer sleeve is available with an abrasive strip for tougher cleaning, and the ABS plastic applicator and sleeves are also available separately. Can be used with telescopic poles.

<b>101566</b>	10x10x33cm	10
---------------	------------	----

## WINDOW CLEANING – WINDOW CLOTHS

### Sham-cham Synthetic Chamois

Hardwearing synthetic wash leather for super-fast drying and finishing of glass surfaces.

<b>102728</b>	35x40cm	10
---------------	---------	----

### Genuine Chamois leather

High quality oil-dressed chamois leather cloth for smear-free drying and finishing of glass surfaces. Available in two sizes.

<b>100254</b>	Small 2 sqft	1
<b>100252</b>	Large 3.5 sqft	1

### Linen Window Scrim

A high quality traditional window cloth ideal for polishing and finishing glass surfaces. Available in two weights and a pre-washed option.

<b>101061</b>	Standard	91x91cm	10
<b>101013</b>	Heavy	91x91cm	10
<b>101016</b>	Heavy (Pre-washed)	75x80cm	10

### Microglass® Microfibre Cloth

A professional quality microfibre cloth designed as an alternative to chamois or scrim for smear-free cleaning of glass and stainless steel surfaces.

<b>101216</b>	●● 40x40cm	3x10pk
<b>101221</b>	● 76x70cm	3x10pk

### Hi-shine Microfibre Cloth

Hi-shine cloth is designed to give a fast, smear-free clean on glass, steel and shiny surfaces. A thick, semi-disposable cloth which can be used wet or dry, it is highly absorbent but easy to wring out and dries quickly after use.

<b>101172</b>	40x40cm	10x10pk
---------------	---------	---------

## How microfibre cloths can make cleaning easier

Learn how to quickly and effectively use microfibre cloths with less water and without chemicals.

### Use dry or damp

When dusting, the split fibres create static, which attracts dust leaving a smear-free finish.

Wet with water and ring out thoroughly. The fibre's capillary action helps scrape the surface, lifting and capturing dirt and bacteria.

### Important tips about microfibre cleaning

Microfibre technology is advancing to meet the demands of today's cleaning industry and the needs of end users – and in many ways surpassing the performance of traditional cleaning.

Microfibre does a fantastic job at effectively removing dirt and grease from a myriad of surfaces. However, there is still some confusion as to the exact capabilities of the fibre and how best to capitalise on its many uses.

Microfibre cloths have a completely different structure to classic woven cloths. They are made from split synthetic fibres, which are much finer than other textiles so have more fibres per cloth. In addition, the individual microfibres are engineered to create a very large surface area per fibre and are naturally statically charged so that they have a strong suction effect. In other words, they collect as much dirt as possible in just one wipe, even from the smallest surface crevices.

Trials carried out have indicated that microfibre woven cloths consistently outperform traditional cloths in terms of their ability to remove dirt, grease and bacteria from a variety of surfaces, making them an excellent product for both commercial and domestic cleaning.

### Top tips when considering microfibre products

- They are low linting and short pile cloths leaving no 'fluffy' deposits so work well on high gloss surfaces such as metal and mirrors.
- Microfibre requires less water and chemicals making it cost-effective and beneficial to the environment.
- It absorbs seven times its own weight in liquid.
- They are easy to clean, quick to dry and can be washed many times over.
- Though microfibre doesn't kill bacteria, it effectively lifts and removes 99.9% of anything that is on a surface.

### How to use

1. Fold in half.

2. Fold again to make eight sides, or again for smaller surfaces to sixteen sides.

3. Place the cloth flat on the surface and apply pressure, then wipe to clean. Use a different side for different surfaces.

### Caring for your cloth

# At Robert Scott, we've been taking the business of cleaning seriously since 1925

**A fourth-generation family business, we're committed to using, and continually developing, our expertise to provide the best possible janitorial solutions for our customers' unique and diverse needs. We call it serious cleaning know-how.**

Robert Scott is probably best known for making mops. We sell half a million of them every week to create a staggering 26 million mops a year. That's more mops than any other manufacturer in the UK.

But our family business is a leader in so much more than mops. We're also one of the UK's largest designers, manufacturers, importers and stockists of products for the cleaning market.

Our business has continued to grow by staying true to the principles we first built our business on way back in 1925.

We value quality at the right price, stock when you need it and above all, excellent customer service.

We design, manufacture and distribute products that help make the job of cleaning workplaces easier. We stock more lines, in greater volume, than any of our competitors. So, you can always be sure that when it comes to any aspect of cleaning equipment supply, you can rely on us to have it covered.

## What we do

### Manufacturing

We produce much of our own range here in the UK. It's something we're passionate about and we're proud of our 'made in Britain' tradition.

### Sourcing

If a customer can't find the right product on our website, chances are we can quickly source it.

### Warehousing

Over half a million square feet of premises means we hold the stock so our customers don't have to.

### Delivery

We offer a range of options including free delivery over £200 and next day delivery.

### Marketing support

We can help customers with packaging options for own label ranges to image services to bespoke catalogues and promotions.

### Cleaning consultancy

To understand the challenges end users face, we will assess their cleaning tasks, then recommend the best practices and products to get the job done.

### Sales training

With a national, experienced and BICS-trained sales team we can teach our customers and partners the most effective way to use and sell cleaning products.

## Our brand values

### Quality

In everything we do — customer service, products\*, problem solving, logistics — everything.

\*OK, not every product in our range is the Rolls Royce – but we're committed to supply the best possible quality at every price point, backed up with remarkable customer service.

### Efficiency

In an increasingly complex world, we believe in 'simple' and continually innovate to make our customers', and our own, working lives easier.

### Loyalty

Many of our customers have bought from us for decades. And, between them, our amazing team has clocked up more than a millennium of service.

### Competitiveness

Margins are tight and there's a fine line between profit and loss. We're committed to keeping everyone, our customers, our suppliers and our own bottom line, on the right side of it.

### Availability

It's not just about us being here when you need us. That's a given. We can't supply what we don't have. That's why our stockholding is, we believe, the best in the business!
