## What is FSC?

FSC stands for 'Forest Stewardship Council', which helps take care of forests and the people and wildlife who call them home.

They are an international non-profit organisation dedicated to promoting responsible forestry. FSC certifies forests all over the world to ensure they meet the highest environmental and social standards.

Products made with wood and paper from FSC forests are marked with the 'tick tree' logo. When you see this logo, you can be confident that buying it won't mean harming the world's forests.

This offer is available until the end of 2019.
