**NEW**  
**Easy Wash flat mop kit**

# Cleaning becomes easy with the new Easy Wash flat mop kit from Robert Scott.

Easy Wash is a compact and handy semi-professional flat mop system designed to make floor cleaning quick and easy. Ideally suited for multi-site cleaning contracts, it includes a touch-free mop holder, microfibre mop and 15 litre bucket with wringer.

The striped, abrasive microfibre mop has a high capillary absorbency which ensures great floor coverage and effectiveness in removing dirt.

The touch-free system reduces the risk of cross-contamination, while the micro flaps are designed to keep the mop fixed to the holder, preventing accidental release during use.

The Easy Wash 15 litre bucket is ergonomically designed, with its wide opening for easy filling, compact wringer, rear handle that helps emptying, and integrated hook that attaches the mop handle to the bucket.

## Key features & benefits

Easy clean

Touch-free hygiene

Lightweight

No chemicals required

- Makes floor cleaning quick and easy.
- Microfibre cleans without chemicals.
- Uses less water than traditional mopping.
- Lightweight, strong and long-lasting.
- Colour coded.

## What's in the kit

The kit includes a touch-free mop holder, microfibre mop and 15 litre bucket with wringer.

## How it's used

1. Fix the mop to the mop holder and foot press the central button to unlock the frame.
2. Soak the mop in the bucket, wring out, and lock the frame before use.
3. Then simply clean the floor and repeat until finished.
