90L Recycled Outdoor Bin with Plastic Liner

Proudly made
in Britain

Eco-friendly
cleaning

A litter bin, hooded lid and plastic liner made in the UK out of 100% recycled hardwearing polyethylene.

Designed to complement street furniture, the 90L Eco Litter Bin features chamfered edges so the rubbish is directed into the liner, which is easily removeable for emptying and cleaning. The bin is suitable for both indoor and outdoor use and requires minimal maintenance.

A ground fixing kit is sold separately, and consists of a galvanized metal cross and bolts to securely fix the bin to the ground. To use, drill four corresponding holes into the bottom of the bin and floor and secure with the rawl plugs supplied.

Features & Benefits

Recycled plastic

Made in UK

Eco friendly

Easy clean
