Recycling Wall Hugger Bin 90L

Slimline Wall Hugger recycling waste bins to segregate waste while saving space.

A slimline recycling bin designed to save space as it has a 90-litre capacity but only protrudes 30cm from wall. It features a moulded hand grip to save time when emptying, and is made from hardwearing polyethylene.

The Wall Hugger is available with a range of coloured open lids to help meet the new waste recycling legislation along with recycling labels to aid the segregation of waste (sold separately).

Key features & benefits

- Slimline design to save space.
- Hardwearing and easy clean bin.
- Coloured lids to help recycling waste systems
