Air Freshener**

# The professional 30-day battery air freshener: breathe freshness into your larger spaces

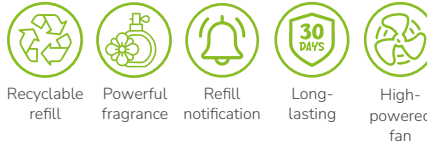

Introducing our professional 30-day battery-operated air freshener – perfect for keeping larger spaces fresh. Its high-powered fan delivers a more consistent fragrance than aerosol air fresheners, keeping your spaces invigoratingly fresh all the time.

Designed with convenience in mind, it features a smart fan program which works progressively harder as the fragrance weakens in the refill and helps to conserve battery life (C-size battery not included).

Our commitment to the environment is reflected in our products. The fragrance refills are made from up to 15% recycled material and are recyclable.

A single unit effectively freshens up to 50m<sup>2</sup>. Need more coverage? Simply add more units to keep larger areas wonderfully fragrant.

## FEATURES & BENEFITS

- Consistent air freshening, covering up to 50m<sup>2</sup>.
- Light sensitive – runs at full program when lights are on and at half when lights are off.
- Restart program for the new month by removing / inserting battery.
- Non aerosol dry fragrance technology – no spills, propellants or solvents, just fragrance.
- Can be used freestanding or includes a fixing kit for wall mount.
- Fragrance 'refill' is made from recyclable EVA (where facilities exist) and contains up to 15% recycled content.

FRAGRANCE	INTENSITY	
Summer Sunshine	High	
Cotton Blossom	Medium	
Coconut & Vanilla	Low	

<sup>1</sup> Use the same refills in both OurFresh and our popular OurFresh-e plug in unit.

Code	Product	Fragrances	Size	Qty
105248	Fragrance		11x30x3cm	6x6pk
105246	OurFresh 2.0 Battery Dispenser		7x10x7cm	6
